#### Common Course Policy, once applied, results in the following (click here for general information about the Common Course Policy):
- There are 2.5 common courses: Biochemistry 2280A and 3381A, Biology 2581A/B, Chemistry 2213A and 2223B
- 1.0 common course is double-counted and used toward both Majors (the two common half courses with the highest marks):
- 0.5 substitute course must be taken for the Major in Microbiology and Immunology (click here for approved substitute courses)
- 0.5 substitute course must be taken for the Major in Biochemistry (click here for approved substitute courses)
- 0.5 substitute course must be taken for either the Major in Microbiology and Immunology or the Major in Biochemistry (click here for approved substitute courses)

#### 11.0 modular courses are required, in total, for Major in Medical Cell Biology + Major in Microbiology and Immunology
**(NOTE: no course can be used in two places below)**

- __ Biochemistry 2280A
- __ Chemistry 2213A or 2273A
- __ Chemistry 2223B or 2283G
- __ Biology 2382A/B
- __ Biology 2581A/B
- __ Biology/Statistics 2244A/B
- __ Microbiology and Immunology 2500A/B, 3100A and 3300B
- __ Microbiology and Immunology 3610F or 3620G
- __ Biochemistry 3380G, 3381A and 3382A
- __ 1.0 course from Microbiology and Immunology 4100A, 4200B, 4300A
- __ Biochemistry 4410A and 4420A
- __ 1.0 course from Biochemistry 3385A, 3386B, 3390B, 4415B, 4425B, 4450A, 4463B
- __ 0.5 substitute course for the Major in Microbiology and Immunology:
- __ 0.5 substitute course for the Major in Biochemistry:
- __ 0.5 substitute course for either the Major in Microbiology and Immunology or the Major in Biochemistry:
