### BIOCHEMISTRY

**NOTES:**
- Biochemistry 3380G and 3382A: spaces that are not reserved are available to any Year 3 or 4 student with the prerequisite courses.
- Biochemistry 3383F/G and 4999E: require special permission of the department and, if approved and posted online, students call the Helpline for registration assistance (519-661-2100).

### COURSE CONSTRAINTS FOR BIOCHEMISTRY

- **P =** students in these modules have **Priority** access until July 20 at midnight. All students in these modules have equal priority access to the spaces in the course.
- **PR =** students in these modules have **Priority** access and spaces are **Reserved** specifically for them until July 20 at midnight. There should be enough spaces in the course for all students in these **PR modules**.
- **PL =** students in these modules have **Priority** access but only to a limited number of spaces in the course until July 20 at midnight. There are not enough spaces for all students in each **PL module** and once the limited spaces for each **PL module** are filled, students will have to wait for the priority to lift and the reserved spaces to disappear on July 21 to access the remaining (if any) spaces in the course.

The chart of Reserved Spaces in 4000-level basic medical courses at: [http://www.schulich.uwo.ca/bmsc/academic_resources/courses/access_to_courses.html](http://www.schulich.uwo.ca/bmsc/academic_resources/courses/access_to_courses.html)

Priorities (P, PR and PL) lift and reserved spaces disappear on July 21 at 9:30 a.m. - registration opens to all students with prerequisites, subject to space.

- **R =** students in these modules have **Restricted** access throughout the entire online registration period. Other students are not allowed to register for this course.

**MODULES**

- **SPZ = Specialization**
- **HSP =** Honors Specialization
