

This chart was last updated on October 19, 2018 and is posted on the BMSc website under Exchanges
 (http://www.schulich.uwo.ca/bmssc/current_students/exchanges.html)
 The information below may change slightly from year to year.

| Subject | Course Number (click for link to course description in Academic Calendar) | Will access be granted to an incoming exchange student, assuming the student has the appropriate background from the home institution (and/or prerequisite at Western) and the course has space in it? | Comments |
|---------------------------------|--|--|---|
| Anatomy and Cell Biology | 2221 | no | restricted to students in Yr 2 BSc Kinesiology and exchange students will not be permitted to register |
| Anatomy and Cell Biology | 3309 | yes | |
| Anatomy and Cell Biology | 2200B | yes | |
| Anatomy and Cell Biology | 3200A | yes | |
| Anatomy and Cell Biology | 4410A | no | demand for this course by students in basic medical science modules is so high that exchange students will not be permitted to register |
| Anatomy and Cell Biology | 4411B | no | demand for this course by students in basic medical science modules is so high that exchange students will not be permitted to register |
| Anatomy and Cell Biology | 4429A | yes | |
| Anatomy and Cell Biology | 4451F | yes | |
| Anatomy and Cell Biology | 4452B | no | demand for this course by students in basic medical science modules is so high that exchange students will not be permitted to register |
| Anatomy and Cell Biology | 4461B | no | demand for this course by students in basic medical science modules is so high that exchange students will not be permitted to register |
| Anatomy and Cell Biology | 4480E | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |

| Subject | Course Number (click for link to course description in Academic Calendar) | Will access be granted to an incoming exchange student, assuming the student has the appropriate background from the home institution (and/or prerequisite at Western) and the course has space in it? | Comments |
|------------------|--|--|--|
| Biochemistry | 2280A | yes | |
| Biochemistry | 2288A | no | restricted to students in Foods and Nutrition and incoming exchange students will not be permitted to register |
| Biochemistry | 3380G | yes | |
| Biochemistry | 3381A | yes | |
| Biochemistry | 3382A | yes | |
| Biochemistry | 3383F/G | perhaps | student must also take Biochem 3381A, 3382A, find his/her own supervisor and then receive departmental permission |
| Biochemistry | 3385A | yes | |
| Biochemistry | 3386B | yes | |
| Biochemistry | 3390B | yes | |
| Biochemistry | 3392F/G | perhaps | this is a new course and demand by Western students may be fairly high; exchange students may be allowed to register but, if so, only later in the summer when the priorities lift |
| Biochemistry | 4410A | yes | |
| Biochemistry | 4415B | yes | |
| Biochemistry | 4420A | yes | |
| Biochemistry | 4425B | yes | |
| Biochemistry | 4450A | yes | |
| Biochemistry | 4455G | no | experiential/community component and exchange students will not be permitted to register |
| Biochemistry | 4463B | yes | |
| Biochemistry | 4483E | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |
| Biochemistry | 4999E | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |
| Chemical Biology | 4500E | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |

|--------------------|--|--|--|
| Medical Biophysics | 2582B | yes | |
| Medical Biophysics | 3330F | yes | |
| Medical Biophysics | 3336F/G | not offered | |
| Medical Biophysics | 3501A | yes | |
| Medical Biophysics | 3503G | yes | |
| Medical Biophysics | 3505F | yes | |
| Medical Biophysics | 3507G | yes | |
| Medical Biophysics | 3645A | yes | |
| Medical Biophysics | 3970Z | perhaps | demand by Western students is typically fairly high and exchange students may be allowed to register but only later in the summer when the priorities lift |
| Medical Biophysics | 4445A | yes | |
| Medical Biophysics | 4455B | yes | |
| Medical Biophysics | 4467B | yes | |
| Medical Biophysics | 4475A | yes | |
| Medical Biophysics | 4518B | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |
| Medical Biophysics | 4535A | yes | |
| Medical Biophysics | 4600A/B | no | special topics (associated with a graduate-level course) |
| Medical Biophysics | 4970E | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |
| Medical Biophysics | 4971E | no | restricted to students in certain Honors Specialization modules and incoming exchange students will not be permitted to register |
