INSTRUCTIONS FOR POSTER PRESENTERS:

1. Please set-up your poster by 8am so that attendees can view your poster at anytime throughout the day.

2. Posters will be affixed using velcro tabs which will be on your poster board.

3. If you are next to an odd-sized poster, please work with your neighbour to ensure that all posters fit within the assigned space.

4. Your poster # is in RED, above or below your name on the map. The numbers will be affixed to your poster board. You may have to remove it to put up your poster & then reapply the number to your board so judges & others can find you easily.

5. Make note the session (am or pm) during which your poster will be judged and be present so that you can interact with judges.
