POLICE RECORDS CHECK
including
VULNERABLE SECTOR SCREENING

All dental students will interact with vulnerable populations throughout the course of their academic programs. To ensure that dental students do not place vulnerable populations at risk, the Schulich School of Medicine & Dentistry requires that students provide, as a condition of their admission into the ITD DDS Program, a current Police Records Check including Vulnerable Sector Screening. This process must be initiated through your local police service. Since this can take several weeks to complete, begin this process as soon as possible to ensure compliance with the deadline.

Applicants accepting an offer of admission from Schulich Dentistry must submit an original copy of their current Police Records Check including Vulnerable Sector Screening report to the Director’s Office by March 30, 2018. If it is not submitted by March 30th, a Letter of Declaration must be submitted to the Director’s Office by this deadline indicating you have a clear record. The official documentation must follow no later than April 30, 2018. Failure to submit this documentation by April 30th may result in the Offer of Admission being withdrawn.

Police Services suggest that two original copies be requested – one for submission to the School and one for personal use. If an authorization letter for Vulnerable Sector screening is required, please contact the Director’s Office.

Note: Individuals using the Toronto Police Services to obtain a records check are asked to contact the Director’s Office for further details on this process before contacting police services.

Please ensure you have a copy of your Police Records Check as you may be asked for it later in your school career.
