Medical Grand Rounds

Thursday, October 5, 2017
12:00 — 1:00pm
Auditorium B, University Hospital

The Future of Antimicrobial Therapy in Human Health

Objectives:

1. Outline current regional and global antimicrobial resistance threats
2. Demonstrate the impact of antimicrobial prescribing on the development of resistance
3. Provide a future outlook for antimicrobial therapy in human health

Dr. Sameer Elsayed is an Associate Professor in the Division of Infectious Diseases with the Department of Medicine and Division of Microbiology with the Department of Pathology and Laboratory Medicine at Western University.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. Evaluations will be sent out and your attendance calculated automatically through One45.
