

Dear Residents,

As you know, one45 rolled out a mobile app for Android and Apple smartphones. They recently added the ability to send certain forms within the app.

This development means you can now send Micro-CEX and Mini-CEX assessments from your phone to your attendings, and they will have the ability to complete the form on their phones, if they have the app installed. Your attendings also have the option of initiating this assessment on their smartphones. When completing forms on a smartphone, you will be able to dictate your comments if you so choose!

We've also enabled EDC Handover Evaluations and EDC Junior Evaluations for the app, so residents on that rotation can now use the app for all of their assessments!

We will continue to accept SurveyMonkey forms for Micro-CEX's, Mini-CEX's, EDC junior evaluations, and EDC Handover Evaluations until June 30, 2017. However, we encourage you to switch over to using the app as you will see your results immediately, rather than waiting for the Education Office to enter forms. This is particularly beneficial to EDC residents, who must accrue a specific number of each type of assessment in order to pass the block.

Support Documents can be found here on how to find and load the app:

iOS users:

<https://support.one45.com/ics/support/kbanswer.asp?deptID=15186&task=knowledge&questionID=723&languageID=#.VzIsnU32a70>

Android users:

<https://support.one45.com/ics/support/kbanswer.asp?deptID=15186&task=knowledge&questionID=724&languageID=#.VzIsu032a70>

Please see below for further details from the original communication.

=====
The one45 mobile app is now available, and it is available as a free download for Apple and Samsung devices. The app allows faculty, staff and learners to complete forms from their phone or tablet devices. The one45 app gives people the freedom to complete evaluations from anywhere, and will make it easier than ever to get their work done and share feedback with their colleagues.

When you log into the app, you will be asked to search for your institution, and log in using your current one45 username and password. You will not be asked to log in again, unless you have not logged in for an extended period. Once you are logged in, you will be taken to the "To Dos" page where you can access any of your "Forms to Complete".

You will be able to send certain forms to your colleagues and attendings to evaluate you, as well as complete any forms you have been sent. If you have attendance to track, or evaluation results to view, you will need to log into the web application.

Users will be able to continue to use and access information through the normal web application site, in order to complete and distribute outstanding items that are currently not available via the mobile app, and to view their schedules and associated handouts. In time, one45 will bring more tools and work flows to the app to make other functionality of the application system more accessible.
