

Medicine *Grand Rounds*

Friday, May 12 2023 @ 12:00 — 1:00pm

- Auditorium A at UH,
- Sumner Auditorium at Victoria Hospital,
- Zoom <https://westernuniversity.zoom.us/j/98807304248>

Beyond the Pass/Fail: Conceptualizing Dysphagia Management in Medically Complex Patients: A Case Study

Objectives:

- 1) Improve ability to identify predisposing dysphagia risk factors (chronic) that put your patients at risk for potential chronic dysphagia.
- 2) Review precipitating dysphagia risk factors that increase your patients' risk for developing aspiration-related sequelae.
- 3) Highlight the nuances of dysphagia management (i.e. beyond the pass/fail), inclusive of the role that instrumental technologies play in guiding recommendations and plan of care.

Noemie Jongejan

Siobhan Zelwietro

Noa and Siobhan graduated from Western's School of Communication Science and Disorders with a Masters of Clinical Sciences in Speech Language Pathology. They have both been at LHSC, since 2020, providing dysphagia and communication assessment and management to a variety of medicine and surgical units at Victoria Hospital, including: Cardiology, Vascular Surgery, CCTC, Respiriology and Nephrology.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.

Evaluations will be sent out and your attendance calculated automatically through One45.
