Dr. Jenny Thain

Capture the Fracture: Development of Orthogeriatrics at LHSC

Objectives:

By the end of this Grand Rounds Presentation, participants should/will be able to:

1. Describe the principle of Orthogeriatric Medicine
2. Explain the similarities and differences between Fracture Liaison Services and Orthogeriatrics
3. Recognize the key elements of Orthogeriatrics in place at LHSC

Dr. Jenny Thain is an Assistant Professor within the Division of Geriatric Medicine, Western University. Her areas of clinical interest include osteoporosis and bone health, with a particular interest in orthogeriatric care. She is the chair of the Canadian Geriatrics Society Osteoporosis and Bone Health Special Interest Group, a member of the Fragility Fracture Network Board, Scientific Committee and Vertebral Fracture Interest Group, and the Osteoporosis Canada Scientific Advisory Council. Locally, she is the Geriatric clinical lead of the Hip Fracture Unit at Victoria Hospital.

Please visit [Department of Medicine Grand Rounds](#) to access recordings from this and prior Grand Rounds presentations.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.

Evaluations will be sent out and your attendance calculated automatically through One45.
