CURRENT RESEARCH OPPORTUNITY FOR MSC APPLICANTS

Graduate Program: Department of Epidemiology and Biostatistics MSc Program

Research Clusters: Behavioural & Environmental Risk Factors; Chronic Disease & Multimorbidity

Supervisor: Dr. Piotr Wilk

Supervisor’s Affiliations: Associate Professor and Graduate Chair
Department of Epidemiology and Biostatistics
Department of Paediatrics
Fellow, Institute for Clinical Evaluative Sciences (ICES)
Scientist, Children’s Health Research Institute
Scientist, Lawson Health Research Institute

Vacancies: 1

Term: 2 Years

Student Position Title: Master’s Student

Description: Healthy Cities, Healthy People: Exploring Longitudinal Exposure to Environmental Risk Factors. We are seeking a full-time Master’s student who is interested in working on a project that focuses on the effects of long-term exposure to urban environmental risk factors on chronic conditions and multimorbidity. This research will employ novel linked survey and administrative data sources from Statistics Canada, the Canadian Institute for Health Information, and the Canadian Urban Environmental Health Research Consortium. The successful candidate will be expected to participate in the activities of our research team. Currently, no funding is available for this position (funding may become available pending successful grant application).

To Apply: Applicants must independently apply to the Epidemiology and Biostatistics MSc graduate program, using the online Western application portal including a clear reference to this research project in the Statement of Academic Interest.
Application Deadline: January 15

Contact Information: Questions regarding the application process, or inquiries about the Epidemiology and Biostatistics program may be addressed to Sahana Mazumder, Acting Academic Programs Coordinator, at smazumd2@uwo.ca.

Questions about this graduate student opportunity posting may be addressed to pwlk3@uwo.ca.
