**CURRENT RESEARCH OPPORTUNITY FOR MSC APPLICANTS**

**Graduate Program:** Department of Epidemiology and Biostatistics MSc Program

**Research Cluster:** Biostatistics
Randomized Controlled Trials

**Supervisor:** Stephanie Dixon (co-supervisor Neil Klar)

**Supervisor’s Affiliations:**
- Department of Epidemiology and Biostatistics, Western University
- London Health Sciences Centre
- Lawson Health Research Institute
- ICES – Kidney, Dialysis and Transplantation Program
- Department of Mathematics and Statistics, University of Guelph

**Vacancies:** 1-2

**Term:** 2 Years

**Student Position Title:** I am interested in a biostatistical student to conduct methodological research in the area Cluster Randomization Trials, Randomized Registry trials, and methods that are relevant to the study of patients with Kidney disease. I have grant funding for incoming students but all students are expected to apply for their own funding should they be accepted.

**Description:**

**To Apply:** Applicants must independently apply to the Epidemiology and Biostatistics MSc graduate program, using the online Western application portal including a clear reference to this research project in the Statement of Academic Interest.

**Application Deadline:** January 15

**Contact Information:** Questions regarding the application process, or inquiries about the Epidemiology and Biostatistics program may be addressed to the Academic Program Coordinator.

Questions about this graduate student opportunity posting may be addressed to stephanie.dixon@ices.on.ca.
