Visiting Research Only Student Intake Process

Administrative Process for Inviting Visiting Research Only Students (Short and Long-Term Visitors)

Inviting Visiting Research Only (VRO) Students to Western

Before a visiting research student arrives at Western University, the host (inviting) supervisor/department at Western must complete and submit required documentation for assessment, registration and immigration application purposes. Prior to submitting an application to Immigration, Refugee and Citizenship Canada (IRCC), the International and Exchange Student Centre at Western International will assess the conditions and arrangements for the VRO student’s stay, to ascertain that the correct immigration documents are applied for so that institutional compliance with Canada’s Immigration Act and Regulations is maintained.

Process for Administrators and Faculty Inviting Foreign Nationals (Visiting Research Only Students)

The following administrative process must be adhered to as it is binding to the University as a whole and subject to compliance audits by IRCC (formerly Citizenship and Immigration Canada/CIC).

Step 1: Categorization Assessment

Before inviting a Visiting Research Only (VRO) student to Western, please complete the Visa Categorization Information form and submit it by email to iesc-immig@uwo.ca at the International and Exchange Student Centre (IESC). Processing this document will take 3-5 business days.

A determination will be made to continue the registration and immigration application process using one of the following three streams:

2A - Student (Study Permit Stream) assisted by the IESC iesc-immig@uwo.ca

2B - Internship Exchange (Work Permit Stream) assisted by the IESC iesc-immig@uwo.ca

2C - Internship Research Only (Work Permit Stream) assisted by the Office of Faculty Relations czrini@uwo.ca

The letter must be signed by an official staff member of the home institution’s department under which the VRO student is registered, with contact details provided.

For further information, contact Rob Downes at regred@uwo.ca.

Step 3A: Issuance of Western Letter of Acceptance – LOA (required for immigration application)

The VRO student requires and uses the Letter of Acceptance and the Invitation Letter to apply for a study permit.

The VRO student can proceed to submit a paper or an online application for a study permit. For further assistance, the student should contact the Visa Application Centre (VAC) or Canadian Consulate/Embassy in the country of application.
