

IMPORTANT INFORMATION REGARDING ASSESSMENT IN THE MD PROGRAM

Your assessments in the MD Program will be completed electronically using the ExamSoft product "SofTest." You are expected to provide your own device (laptop or iPad). Windows tablets and smartphones are not compatible with this software.

It is important to make sure your device has the minimum system requirements at the links below:

- [MAC](#)
- [Windows](#)
- [iPad](#)

If you would like to learn more about SofTest, you will find [this training document](#) helpful. Some important tips can be found [here](#).

If you prefer learning visually, they have some [helpful videos here](#).
