August 28, 2017

Hello M2021s and welcome from the UME Office! We hope you are looking forward to Medical Foundations Week as much as we are.

We've created a resource for you that we think you will love, and will help you navigate all the details you will be bombarded with this week on your own time, at your own pace.

If you already have your Western ID set up, please head straight to “OWL” and check out the Medical Foundations site. Be sure to bookmark it because you'll want to visit it frequently, especially over the first few weeks!

If you haven’t set up your Western ID, please go to http://www.uwo.ca/its/identity/identities-new-student.html and follow the instructions there. It’s really important to get this done before the end of next week so that you have full access to your schedule, course materials, and other critical information.

If you're unable to get into the OWL site, or have any questions, please contact sherri.moore@schulich.uwo.ca.

See you on Tuesday!

Sherri Moore
