ONCOLOGY GRAND ROUNDS
Tuesday, February 28, 2017

12:00 to 1:00 p.m. in Rooms A3-924A/B
London Regional Cancer Program

"The patient with spinal metastatic disease: surgical and interventional treatment strategies and current evidentiary trends"

Presenter:
Fawaz Siddiqi, MD, MBA, FRCSC, FACS
Assistant Professor, Divisions of Neurosurgery and Orthopedic Surgery, Schulich School of Medicine and Dentistry, Associate Scientist, Lawson Research Institute, London Health Sciences Centre

Hosted by: Surgical Oncology

Objectives:
- Gain a better understanding of which patient populations would benefit from surgical referral
- Gain a better understanding of which patient populations would benefit from cementoplasty
- Gain a better understanding of the risk-benefit analysis of surgical intervention for spinal metastatic disease and its impact on adjuvant therapy

THANK YOU TO OUR SPONSORS:

REFRESHMENTS WILL BE PROVIDED
Department of Oncology, Schulich School of Medicine & Dentistry
