"Living Beyond Mere Survival: How to Understand and Align Care with the Priorities of Patients with Advanced Cancer"

Presenter:

Dr. Kylea Potvin

Medical Oncologist, London Regional Cancer Program,
Associate Professor, Western University
Program Director, Medical Oncology Residency Training Program

Hosted by: Palliative Care

Objectives:

- Review what the current data tells us about illness understanding in patients with advanced cancer (and the part we play as their care providers)
- Learn how patients’ decisions and outcomes are impacted and evolve based on their illness understanding
- Introducing The Serious Illness Conversation Guide: a step-by-step conversation between caregiver and patient to align goals and care decisions
