12:00 to 1:00 p.m. in Rooms A3-924A/B
London Regional Cancer Program

“Overcoming Estrogen Resistance in Breast Cancer: Chasing The Ultimate Target”

Phillip Blanchette, MSc, MD
Medical Oncologist,
London Regional Cancer Program

Objectives:
- To understand the biology of estrogen receptor-positive (ER) breast cancer
- To overview the evidence for endocrine therapy for early stage ER-positive breast cancer
- To overview the evidence for endocrine therapy and resistance for advanced ER-positive breast cancer
- To overview future directions for ER-positive breast cancer

Hosted by: Medical Oncology
