Department of Pathology and Laboratory Medicine
and

Dr. Bekim Sadikovic

PhD, DABMGG (mol; cyto), FACMG

Department of Pathology and Laboratory Medicine

Thursday January 14, 2016

12:00 – 1:00 pm

Auditorium A, University Hospital

Everyone is Welcome

Personalized oncology, cancer genetics and the expanding role of the pathology laboratory

Objectives:

- (1) Review new technological infrastructure at the molecular genetics laboratory
- (2) Discuss NGS technology in the clinical laboratory - past, present and future developments
- (3) Discuss the role/impact of molecular genetics in routine patient care, and the importance of selecting tumour samples for molecular testing
