CALL FOR ABSTRACTS

for

The 2018 London Joint Mental Health Research Day

Thursday, June 21st, 2018

On behalf of the Joint Planning Committee (Lawson Health Research Institute - Mental Health Group, Western University’s Department of Psychiatry, and St. Joseph’s Health Care London’s Parkwood Institute Mental Health Care and Southwest Centre for Forensic Mental Health Care), we are pleased to invite you to submit an abstract for presentation at the Inaugural London Joint Mental Health Research Day, to take place on Thursday, June 21st, 2018.

Please indicate your preference for poster presentation, oral presentation (20 minutes in length), or symposium (3 oral presentations linked together thematically). Although we will try to accommodate speaker preferences, given space limitations presentation format will ultimately be determined by the Joint Planning Committee. Awards will be given for best oral and poster presentations across different categories.

Abstracts should be double spaced, with a maximum of 250 words typed in a minimum of 12-point font in Microsoft Word format and submitted electronically to lindsay.cecile@lhsc.on.ca.

Abstracts should clearly summarize the study objectives, methods, results, and conclusions, and ideally should outline implications for care, policy development, and/or future research and evaluation. We will consider submissions for studies currently in progress, with preference given to completed projects. Please indicate whether your project has Research Ethics Board approval. Please acknowledge sources of funding, as appropriate.

The updated deadline for submissions is March 17th, 2018.

Decisions will be distributed mid April 2018.

Dr. Marnin J. Heisel
Director of Research
Department of Psychiatry
Schulich School of Medicine & Dentistry
Western University

Dr. Cheryl Forchuk
Assistant Director
Program Leader
Mental Health Group
Lawson Health Research Institute
