Schulich Research Opportunity Program
STAGE 2 - Project Description

Name of Student:
Name of Supervisor:
Project Title:

Project Description – include the following components: background, hypothesis, methodology and data analysis, target venues for presenting research, student’s role and expected outcomes (3 pages maximum).

Project Timeline - describe in detail how the project will be accomplished within the specified period, given the student’s academic workload and identify the summer the student plans to work on this project. Students should be realistic when estimating the time they will be able to devote to SROP projects during their academic and clerkship years (1 page maximum; may be either bullet or Gant chart format).

Certifications - if this project will require any certification approvals from one or more of the following offices, please check the appropriate box below. If you know the protocol information, please enter it into the text box provided (or enter the status of the approval in the text box):

☐ Human Ethics
☐ Animal Use Subcommittee
☐ Biohazard

Note: Certification should be obtained prior to the start of summer.

Signature of Student: ____________________________________________

Signature of Supervisor: __________________________________________

Completed application is to be returned by April 23, 2018 via email to:

Stacey Bastien, Administrative Assistant
