ANATCELL 3309 MAMMALIAN HISTOLOGY
Faculty of Schulich Medicine & Dentistry
Department of Anatomy & Cell Biology
Course Syllabus for Summer 2024

Western University is committed to a thriving campus; therefore, your health and wellness matter to us! The following link provides information about the resources available on and off campus to support students: [https://www.uwo.ca/health/](https://www.uwo.ca/health/) Your course coordinator can also guide you to resources and/or services should you need them.

1. Technical Requirements

- 📡 Stable internet connection
- 🎧 Working microphone
- 📡 Laptop or computer
- 📡 Working webcam

2. Course Overview & Important Dates

3. Contact Information

See your course site for details

4. Course Description & Design

ANATCELL 3309 is a detailed study of the cellular and microscopic structure of the various tissues and organ systems of the body, with emphasis on humans, and other mammals used in medical research. Systems are examined stressing the relations of structure to function.

Prerequisite: Registrations in third or fourth year. Notes: A background in introductory biology is recommended for this course.

☑ Lectures should be watched before the appropriate lab.
☑ A recording will be provided for all lectures and labs.
☑ Missed work should be completed within 48 hours.
☑ Questions should be posted to the OWL forum.
☑ Closed captioning will be provided through Panopto.

• Virtual lectures and labs will be recorded with Panopto, accessible through OWL (see OWL site for details).
• All course material will be posted to OWL. Any changes will be indicated on the OWL site and discussed with the class.
• Students needing assistance can seek support on the OWL Help page. Alternatively, they can contact the Western Technology Services Helpdesk.
• Google Chrome or Mozilla Firefox are the preferred browsers to optimally use OWL; update your browsers frequently. For evaluating internet speed, please click here.

5. Learning Outcomes

By the end of the course, students will be able to:

• Explain the structure-function relationship of tissues and organs at the microscopic level
• Navigate histological sections using a virtual microscope
• Recognize and name tissues and organs in microscopic images

6. Online Participation & Engagement

☑ Students are expected to participate and engage with content as much as possible.
☑ The OWL forum is the best place to ask questions.
☑ Angela will monitor OWL forums regularly.

Course materials cannot be sold/shared.
7. Evaluation
Below is a breakdown for the course evaluations. Any deviations will be communicated.

- All assignments are due at 11:55PM (EST) unless otherwise specified.
- Students are responsible for ensuring that the correct file version is uploaded; incorrect submissions including corrupt files could be subject to late penalties (see below) or a 0.
- After an assessment is returned, students should wait **24 hours** to digest feedback before contacting their evaluator; to ensure a timely response, reach out within **7 days**.
- Any grade appeals on assignments, quizzes, or exams must be received within 3 weeks of the grade being posted.
- 15% of your course grade will be evaluated and returned 3 days prior to the drop deadline (statement in policies below).
- The exams are **3 hours** in length and will cover material from lectures and labs. **MCQ** (single best answer) will examine structure-function relationships and **50 questions** associated with images will cover lab content.
- The final exam is **NOT cumulative** and covers material taught in the second half of the course.
- **Make-up exams**
  - A single make-up exam will be schedule and offered for the midterm and final exam.
  - If the make-up exam is also missed, the course coordinator reserves the right to deliver the second make-up exam as a one-on-one oral exam.

Any grade appeals on assignments, quizzes, or midterms must be received within 3 weeks of the grade being posted. Click here for a detailed and comprehensive set of policies and regulations concerning examinations and grading. The table below outlines the University-wide grade descriptors.

<table>

<tr>
<td>F</td>
<td>below 50</td>
<td>Fail</td>
</tr>
</tbody>
</table>

**Information about late or missed evaluations:**
- Late assessments without accommodation will be subject to a late penalty of 50% / day.
- Missed assignments or quizzes will be handled by the course coordinator. Accommodation will be provided for individuals with medical or family emergencies. DO NOT submit details of the emergency, just indicate if it was medical or family. Accommodation for missed exams will be handled by academic counsellors.
- An assessment cannot be submitted after it has been returned to the class; for those granted accommodation, the final grade will be based on graded assignments only, otherwise the grade for the late assignment or quiz will be 0.
- Students must sit the half term exam and final exam in order to complete the course. Any student missing an exam and the one makeup offered will be examined one-on-one with the course coordinator.

**INC (Incomplete Standing):** If a student has been approved by the Academic Counselling Office (in consultation with the instructor/department) to complete term work at a later date, an INC will be assigned. Students with INC will have their course load in subsequent terms reduced to allow them to complete outstanding course work. Students may request permission from Academic Counselling to carry a full course load for the term the incomplete course work is scheduled.

**SPC (Special examination):** If a student has been approved by the Academic Counselling Office to write a Special Examination and the final exam is the only outstanding course component, an SPC will be assigned. If the class has a makeup exam, the student is expected to write the makeup exam. If the class doesn’t have a makeup exam or the student misses the makeup exam for reasons approved by the Academic Counselling Office, the student will write the exam the next time the course is offered. Outstanding SPCs will reduce the course load for the term the exam is deferred as outlined in Types of Examinations policy.

**8. Communication**
- Students should check the OWL site daily
- Students should contact their course coordinator by email
- Emails will be monitored daily; students will receive a response in 24-48 hours or less
- Students should use the forum on OWL for questions and discussions
- Students should post all course-related content on the OWL forum so that everyone can access answers to questions
- The discussion forums will be monitored daily

Course materials cannot be sold/shared.
9. Office Hours
Office hours may be held upon email request. Zoom or in-person options are available.

10. Resources
☑️ All resources (lecture + lab) will be posted on OWL

11. Professionalism & Privacy
Western students are expected to follow the Student Code of Conduct. Additionally, the following expectations and professional conduct apply to this course:
☑️ Students are expected to follow online etiquette expectations provided on OWL
☑️ All course materials created by the instructor(s) are copyrighted and cannot be sold/shared
☑️ Recordings of course material are not permitted (audio or video) without explicit permission
☑️ Permitted recordings are not to be distributed
☑️ Copying of assignments is considered plagiarism and will be handled and reported as academic misconduct

Western is committed to providing a learning and working environment that is free of harassment and discrimination. All students, staff, and faculty have a role in this commitment and have a responsibility to ensure and promote a safe and respectful learning and working environment. Relevant policies include Western's Non-Discrimination/Harassment Policy (M.A.P.P. 1.35) and Non-Discrimination/Harassment Policy – Administrative Procedures (M.A.P.P. 1.35). Any student, staff, or faculty member who experiences or witnesses’ behaviour that may be harassment or discrimination must report the behaviour to the Western's Human Rights Office. Harassment and discrimination can be human rights-based, which is also known as EDI-based, (sexism, racism, transphobia, homophobia, islamophobia, xenophobia, antisemitism, and ableism) or nonhuman rights-based (personal harassment or workplace harassment).

12. How to Be Successful in this Course
Students enrolled in this class should understand the level of autonomy and self-discipline required to be successful.
1. Invest in a planner to keep track of your courses. Populate all your deadlines at the start of the term and schedule time at the start of each week to get organized and manage your time.
2. Make it a daily habit to log onto OWL to ensure you have seen everything posted to help you succeed in this class.
3. Create weekly checklists to help you stay on track.
4. Take notes as you go through the lesson material. Treat this course as you would a face-to-face course. Keeping handwritten notes or even notes on a regular Word document will help you learn more effectively than just reading or watching the videos.

Course materials cannot be sold/shared.
5. Connect with others. Try forming an online study group and try meeting on a weekly basis for study and peer support.
6. Do not be afraid to ask questions. If you are struggling with a topic, check the online discussion boards or contact your teaching assistants.
7. Reward yourself for successes. It seems easier to motivate ourselves knowing that there is something waiting for us at the end of the task.

13. Western Academic Policies & Statements

Absence from Course Commitments

A. Absence for medical illness:

Students must familiarize themselves with the Accommodation for Illness Policy.

A student seeking academic accommodation for any work worth less than 10% must contact the instructor or follow the appropriate Department or course specific instructions provided on the course outline. Instructors will use good judgment and ensure fair treatment for all students when considering these requests. You are not required to disclose details about your situation to your instructor; documentation is not required in this situation, and you should not send any pictures to your instructor.

If you are unable to meet a course requirement for any work worth 10% or greater due to illness or other serious circumstances, you must provide valid medical or other supporting documentation to the Academic Counseling as soon as possible and contact your instructor immediately. It is the student's responsibility to make alternative arrangements with their instructor once the accommodation has been approved and the instructor has been informed. Please note that the format of a make-up test, exam, or assignment is at the discretion of the course coordinator.

A student requiring academic accommodation due to illness should use the Student Medical Certificate when visiting an off-campus medical facility or request a Record's Release Form (located in the Dean's Office) for visits to Student Health Services. The form can be found at:
http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

B. Absence for non-medical reasons:

Student absences might also be approved for non-medical reasons such as religious holidays and compassionate situations. Please review the policy on Accommodation for Religious Holidays. All non-medical requests must be processed by Academic Counselling. Not all absences will be approved; pay attention to the academic calendar and final exam period when booking any trips.
C. Special Examinations

A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examinations dates. These dates as well as other important information about examinations and academic standing can be found here.

Academic Offenses

Scholastic offences are taken seriously, and students are directed here to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence.

Accessibility Statement

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Accessible Education (AE) at 661-2111 x 82147 for any specific question regarding an accommodation or review The policy on Accommodation for Students with Disabilities

Correspondence Statement

The centrally administered e-mail account provided to students will be considered the individual’s official university e-mail address. It is the responsibility of the account holder to ensure that e-mail received from the University at his/her official university address is attended to in a timely manner. You can read about the privacy and security of the UWO email accounts here.

Discovery Credit Statement

Students are permitted to designate up to 1.0 Discovery Credit course (or equivalent) for pass/fail grading that can be counted toward the overall course credits required for their degree program. The details of this policy and the deadlines can be found here.

14. BMSUE Academic Policies and Statements

Cell Phone and Electronic Device Policy (for in-person exams)

The Schulich School of Medicine & Dentistry is committed to ensuring that testing and evaluation are undertaken fairly across all our departments and programs. For all tests and exams, it is the policy of the School that any electronic devices, e.g., cell phones, tablets, cameras, smart glasses, smart watch or iPod are strictly prohibited. These devices MUST be left either at home or with the student’s bag/jacket at the front of the room and MUST NOT be at the test/exam desk or in the individual’s pocket. Any student found with one of these prohibited devices will receive a grade of zero on the test or exam.

Course materials cannot be sold/shared.
Nonprogrammable calculators are only allowed when indicated by the instructor. The program is not responsible for stolen/lost or broken devices.

**Copyright and Audio/Video Recording Statement**

Course material produced by faculty is copyrighted and to reproduce this material for any purposes other than your own educational use contravenes Canadian Copyright Laws. You must always ask permission to record another individual and you should never share or distribute recordings.

**Rounding of Marks Statement**

Across the Basic Medical Sciences Undergraduate Education programs, we strive to maintain high standards that reflect the effort that both students and faculty put into the teaching and learning experience during this course. All students will be treated equally and evaluated based only on their actual achievement. *Final grades* on this course, irrespective of the number of decimal places used in marking individual assignments and tests, will be calculated to one decimal place and rounded to the nearest integer, e.g., 74.4 becomes 74, and 74.5 becomes 75. Marks WILL NOT be bumped to the next grade or GPA, e.g., a 79 will NOT be bumped up to an 80, an 84 WILL NOT be bumped up to an 85, etc. The mark attained is the mark you achieved, and the mark assigned; requests for mark “bumping” will be denied.

**Support Services**

The following links provide information about support services at Western University.

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced sexual or gender-based violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts at [https://www.uwo.ca/health/](https://www.uwo.ca/health/)

To connect with a case manager or set up an appointment, please contact support@uwo.ca.
