Western University is committed to a **thriving campus**; therefore, your health and wellness matter to us! The following link provides information about the resources available on and off campus to support students: [https://www.uwo.ca/health/](https://www.uwo.ca/health/). Your course coordinator can also guide you to resources and/or services should you need them.

### 1. Technical Requirements:

- Stable internet connection
- Laptop or computer
- Working microphone
- Working webcam

### 2. Important Dates:

4. Course Description and Design

**Delivery Mode:** blended

An introduction to the discipline of Medical Biophysics is developed through lectures on key introductory concepts and techniques used in Medical Biophysics research, real-world research seminars given by faculty members, and interactive in-class activities. Research areas include ultrasound, computed tomography, magnetic resonance imaging, molecular imaging, positron emission tomography, cancer radioligand therapy, medical physics for radiation therapy, and musculoskeletal biophysics.

</tr>
</tbody>
</table>

☑ Attendance at sessions is required
☑ Missed work should be completed within 24 hours
☑ Closed captioning will be provided on audio or video recordings

All course material will be posted to OWL: http://owl.uwo.ca. Any changes will be indicated on the OWL site and discussed with the class.

If students need assistance, they can seek support on the OWL Help page. Alternatively, they can contact the Western Technology Services Helpdesk. They can be contacted by phone at 519-661-3800 or ext. 83800.

Google Chrome or Mozilla Firefox are the preferred browsers to optimally use OWL; update your browsers frequently. Students interested in evaluating their internet speed, please click here.

5. Learning Outcomes

In this course, students will develop an understanding of the discipline of Medical Biophysics and the different kinds of research undertaken within Medical Biophysics. This understanding will be developed through a combination of lectures on key introductory concepts and techniques used in Medical Biophysics research. After the completion of this course, students will be able to:

1. Understand the different potential career paths in science and medicine stemming from undergraduate studies in Medical Biophysics.
2. Describe the steps involved in acquiring data for different types of Medical Biophysics research projects.
3. Compare different Medical Biophysics research techniques and tools, and determine which techniques are best in specified situations.
4. Implement simplified physical laws to solve problems in Medical Biophysics.
6. Course Content and Schedule

</tr>
</tbody>
</table>

*There will be no in-person class in the first week (Sept 7-10). However, please review the course introduction video and the lectures for Unit 1 (both on OWL) before the first in-person class on Sept 13.

7. Participation and Engagement

☑ Students are expected to participate and engage with content as much as possible.
☑ Students can participate during in-class sessions or post on OWL Forums after watching the recording.
☑ Students can also participate by interacting with their peers and instructors in the forums.

8. Evaluation

Below is the evaluation breakdown for the course. Any deviations will be communicated.

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Format</th>
<th>Weighting</th>
<th>Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unit 1</td>
<td>In Class Quiz</td>
<td>16.7%</td>
<td>Sept 20, 2023</td>
</tr>
<tr>
<td>Unit 2</td>
<td>In Class Quiz</td>
<td>16.7%</td>
<td>Oct 4, 2023</td>
</tr>
<tr>
<td>Unit 3</td>
<td>In Class Quiz</td>
<td>16.7%</td>
<td>Oct 25, 2023</td>
</tr>
<tr>
<td>Unit 4</td>
<td>In Class Quiz</td>
<td>16.7%</td>
<td>Nov 15, 2023</td>
</tr>
<tr>
<td>Unit 5</td>
<td>Final Exam</td>
<td>16.7%</td>
<td>TBD</td>
</tr>
<tr>
<td>Unit 6</td>
<td>Final Exam</td>
<td>16.7%</td>
<td>TBD</td>
</tr>
</tbody>
</table>

- Evaluation will be through a series of Quizzes, one per unit.
  - Quizzes for the first 4 units will be written in class.
Units 5 and 6 will be evaluated during the final exam. The final exam will consist of two quizzes similar in format and length to the in-class quizzes for Units 1-4.

Each unit will have a set of Practice Questions available through OWL. These assessments will consist of questions similar to those contained in each Quiz. Therefore, students should complete these formative assessments when preparing for the Quizzes.

- After an assessment is returned, students should wait 24 hours to digest feedback before contacting their evaluator; to ensure a timely response, reach out within 7 days.
- Any grade appeals on quizzes must be received within 3 weeks of the grade being posted.
- 15% of your course grade will be evaluated and returned 3 days before the drop deadline (statement in policies below).

Click here for a detailed and comprehensive set of policies and regulations concerning examinations and grading. The table below outlines the University-wide grade descriptors.

<table>
<thead>
<tr>

</tbody>
</table>

Information about late or missed evaluations:

- Makeup tests for missed evaluations will be offered during the scheduled class on Dec 6.
- All quizzes must be completed to pass the course. If a student does not complete all quizzes, they will be given a mark of INC and will complete the missing quizzes the next time course is offered.

INC (Incomplete Standing): If a student has been approved by the Academic Counselling Office (in consultation with the instructor/department) to complete term work at a later date, an INC will be assigned. Students with INC will have their course load in subsequent terms reduced to allow them to complete outstanding coursework. Students may request permission from Academic Counselling to carry a full course load for the term the incomplete course work is scheduled.

SPC (Special examination): If a student has been approved by the Academic Counselling Office to write a Special Examination and the final exam is the only outstanding course component, an SPC will be assigned. If the class has a makeup exam, the student is expected to write the makeup exam. If the class doesn't have a makeup exam or the student misses the makeup exam for reasons approved by the Academic Counselling Office, the student will write the exam the next time the course is offered. Outstanding SPCs will reduce the course load for the term the exam is deferred as outlined in Types of Examinations policy.
9. Communication:

- Students should check the OWL site every 24–48 hours.
- Students should contact their Instructor(s) and Teaching Assistant(s) using OWL messages.
- OWL messages will be monitored daily; students will receive a response in 24–48 hours.
- This course will use OWL forums for discussions.
- Students should post all course-related queries on the discussion forum so that everyone can access the questions and responses.

10. Office Hours:

- Office hours will be held remotely using Zoom.
- Office hours will be held 2:30-3:30 PM on Tuesdays by the TA, and Thursdays by the Instructor responsible for the current Unit (Profs McKenzie, Goldhawk, Lewis, or Ng)
- Office hours will be booked. Please contact the TA or Professor via OWL message before the scheduled office hour if you wish to speak to them. They will provide you with a Zoom link for your meeting.
- Office hours will be individual.

11. Resources

- All resources will be posted in OWL.

12. Professionalism & Privacy:

Western students are expected to follow the Student Code of Conduct. Additionally, the following expectations and professional conduct apply to this course:

- All course materials created by the Instructor (s) are copyrighted and cannot be sold/shared (e.g., Must Knows Facebook group, Course Hero, Chegg, etc.).
- Recordings are not permitted (audio or video) without explicit permission.
- Permitted recordings are not to be distributed.
- Students will be expected to take an academic integrity pledge before some assessments.

Western is committed to providing a learning and working environment that is free of harassment and discrimination. All students, staff, and faculty have a role in this commitment and have a responsibility to ensure and promote a safe and respectful learning and working environment. Relevant policies include Western’s Non-Discrimination/Harassment Policy (M.A.P.P. 1.35) and Non-Discrimination/Harassment Policy – Administrative Procedures (M.A.P.P. 1.35).

Any student, staff, or faculty member who experiences or witnesses behaviour that may be harassment or discrimination must report the behaviour to the Western Human Rights Office. Harassment and discrimination can be human rights-based, which is also known as EDI-based, (sexism, racism, transphobia, homophobia, islamophobia, xenophobia, antisemitism, and ableism) or non-human rights-based (personal harassment or workplace harassment).
13. How to Be Successful in this Class:

Students enrolled in this class should understand the level of autonomy and self-discipline required to succeed.

1. Invest in a planner or application to keep track of your courses. Populate all your deadlines at the start of the term and schedule your time throughout the course.
2. Make it a daily habit to log onto OWL to ensure you have seen everything posted to help you succeed in this class.
3. Follow weekly checklists created on OWL, or create your own to help you stay on track.
4. Take notes as you go through the lesson material. Keeping handwritten notes or notes on a regular Word document will help you learn more effectively than just reading or watching the videos.
5. Connect with others. Try forming an online study group and meeting weekly for study and peer support.
6. Do not be afraid to ask questions. If you are struggling with a topic, check the online discussion boards or contact your Instructor (s) or teaching assistant(s).
7. Reward yourself for successes. It seems easier to motivate ourselves, knowing that something is waiting for us at the end of the task.

14. Western Academic Policies and Statements

Absence from Course Commitments

A. Absence for medical illness:

Students must familiarize themselves with the Accommodation for Illness Policy.

A student seeking academic accommodation for any work worth less than 10% must contact the Instructor or follow the appropriate Department or course specific instructions provided on the course outline. Instructors will use good judgment and ensure fair treatment for all students when considering these requests. You are not required to disclose details about your situation to your Instructor; documentation is not required in this situation, and you should not send any pictures to your Instructor.

If you are unable to meet a course requirement for any work worth 10% or greater due to illness or other serious circumstances, you must provide valid medical or other supporting documentation to the Academic Counseling as soon as possible and contact your Instructor immediately. It is the student's responsibility to make alternative arrangements with their Instructor once the accommodation has been approved and the Instructor has been informed. Please note that the format of a makeup test, exam, or assignment is at the discretion of the course coordinator.

A student requiring academic accommodation due to illness should use the Student Medical Certificate when visiting an off-campus medical facility or request a Record's Release Form (located in the Dean's Office) for visits to Student Health Services. The form can be found at: http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

B. Absence for non-medical reasons:

Student absences might also be approved for non-medical reasons such as religious holidays and compassionate situations. Please review the policy on Accommodation for Religious Holidays. All non-medical requests must be processed by Academic Counselling. Not all absences will be approved; pay attention to the academic calendar and final exam period when booking any trips.

C. Special Examinations
A Special Examination is any examination other than the regular examination, and it may be offered only with the permission of the Dean of the Faculty in which the student is registered, in consultation with the Instructor and Department Chair. Permission to write a Special Examination may be given on the basis of compassionate or medical grounds with appropriate supporting documents. To provide an opportunity for students to recover from the circumstances resulting in a Special Examination, the University has implemented Special Examinations dates. These dates as well as other important information about examinations and academic standing can be found here.

**Academic Offenses**

Scholastic offences are taken seriously, and students are directed here to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence.

**Accessibility Statement**

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Accessible Education (AE) at 661-2111 x 82147 for any specific question regarding an accommodation or review The policy on Accommodation for Students with Disabilities.

**Correspondence Statement**

The centrally administered email account provided to students will be considered the individual's official university email address. It is the responsibility of the account holder to ensure that email received from the University at his/her official university address is attended to in a timely manner. You can read about the privacy and security of the UWO email accounts here.

**Discovery Credit Statement**

Students are permitted to designate up to 1.0 Discovery Credit course (or equivalent) for pass/fail grading that can be counted toward the overall course credits required for their degree program. The details of this policy and the deadlines can be found here.

**15% Rule**

According to the Evaluation of Academic Performance policy, at least three days prior to the deadline for withdrawal from a 1000- or 2000-level course without academic penalty, students will receive assessment of work accounting for at least 15% of their final grade. Generally, students can expect some form of feedback on their performance in a course before the drop date. In rare instances, at the Dean's discretion, an exemption can be issued, which also must be noted in the course syllabus. Deans should review exemptions on a course-by-course basis each time an exempted course is offered.

15. **BMSUE Academic Policies and Statements**

**Cell Phone and Electronic Device Policy (for in-person tests and exams)**

The Schulich School of Medicine & Dentistry is committed to ensuring that testing and evaluation are undertaken fairly across all our departments and programs. For all tests and exams, it is the policy of the School that any electronic devices, e.g., cell phones, tablets, cameras, smart glasses, smart watch or iPod are strictly prohibited. These devices MUST be left either at home or with the student's bag/jacket at the front of the room and MUST NOT be at the test/exam desk or in the individual's pocket. Any student found with one of these prohibited devices will receive a grade of zero on the test or exam. Non-programmable calculators are only allowed when indicated by the Instructor. The program is not responsible for stolen/lost or broken devices.

Course materials cannot be sold/shared.
Copyright and Audio/Video Recording Statement

Course material produced by faculty is copyrighted and to reproduce this material for any purposes other than your own educational use contravenes Canadian Copyright Laws. You must always ask permission to record another individual and you should never share or distribute recordings.

Rounding of Marks Statement

Across the Basic Medical Sciences Undergraduate Education programs, we strive to maintain high standards that reflect the effort that both students and faculty put into the teaching and learning experience during this course. All students will be treated equally and evaluated based only on their actual achievement. Final grades on this course, irrespective of the number of decimal places used in marking individual assignments and tests, will be calculated to one decimal place and rounded to the nearest integer, e.g., 74.45 becomes 74, and 74.50 becomes 75. Marks WILL NOT be bumped to the next grade or GPA, e.g., a 79 will NOT be bumped up to an 80, an 84 WILL NOT be bumped up to an 85, etc. The mark attained is the mark you achieved, and the mark assigned; requests for mark “bumping” will be denied.

16. Support Services

The following links provide information about support services at Western University.

Western is committed to reducing incidents of gender-based and sexual violence and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced sexual or gender-based violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts at

To connect with a case manager or set up an appointment, please contact support@uwo.ca.
