

Name:

**BMSc Hons degree with Double Majors:
Major Biochemistry + Major IMS**
For students entering Yr 3 in 2025/26 and onward

Student Number:

Western Email:

11.0 unique courses must be completed for the modular requirements for the [Major in Biochemistry](#) + [Major in IMS](#)

- check the boxes below, making selections from drop-down boxes (if present) and typing in courses if a drop-down box isn't present
- check [Access to Courses](#) for constraints on basic medical science courses (priorities, etc.) since having the prerequisite does not assure access to courses.
- **Green courses are Admission Requirements and must be completed by the end of Year 2**
- **Blue courses are included in the Progression Requirements and must be completed by the end of Year 3**
- Other courses can be completed in any year, provided the prerequisites are satisfied

NO course can be used in two places below, e.g., Biochemistry 3385B cannot be used as 0.5 additional Biochem from picklist in Major Biochem and as 0.5 course from Group 2 for the Major in IMS

0.5		Biochemistry 2280A		
0.5		Chemistry 2213A or 2273A		
1.5		Biology 2290F/G, 2382A/B and 2581A/B		
0.5		Biology/Statistics 2244A/B		
1.5		Biochemistry 3380G, 3381A and 3382A		
1.0		Medical Sciences 3990E		
1.0		1.0 course from Groups 1 and 2 in Major IMS	or	+
1.0		1.0 4000-level Biochem course from picklist in Major Biochem		+
0.5		0.5 additional Biochem course from picklist in Major Biochem		
1.0		Medical Sciences 4200A/B and 4931F/G		
1.0		Medical Sciences 4000E		
0.5		0.5 substitute course for Major Biochem		
0.5		0.5 substitute course for Major IMS (choose subject and fill in course #)		
= 11.0 courses				

Full details about the [Common Course Policy](#) are found on the BMSc website.

For these Double Majors, there are 2.0 "common courses": Biochemistry 2280A, Biology/Stats 2244A/B and Medical Sciences 4000E. The 1.0 common course with the higher mark, e.g., either (Biochem 2280A + Bio/Stats 2244A/B) or Medical Sciences 4000E will be double-counted and used toward both Major modules. A half "substitute course" must be taken for each Major - 0.5 additional Biochemistry course for the Major in Biochemistry and 0.5 additional course from the basic medical sciences for the Major in IMS

See the [Graduation Requirements for Honours Bachelor Degrees](#) (such as first-year, breadth, minimum mark and average requirements, etc.). **Your quick graduation check for BMSc Honours degree with Major in Biochemistry + Major in IMS:**

<u>Year 1</u>	<u>Breadth</u>	Modular courses satisfy essay reqt	Majors	20.0 credits	13.0 senior credits, numbered 2000 and above
