## Major in Biochemistry + Major in Medical Cell Biology

11.0 unique courses must be completed for the modular requirements for the [Major in Biochemistry](#) + [Major in Medical Cell Biology](#):

- check the boxes below and select/type in the courses you have taken, are taking, and/or are planning to take - **no course can be used in two places below**
- see [Course Selection](#) for choosing courses in Years 2-4, the [Academic Calendar](#) for course requisites and [Access to Courses](#) for information about constraints

0.5		Biochemistry 2280A	
0.5		Chemistry 2213A or 2273A	
0.5		Chemistry 2223B or 2283G	
1.5		Biology 2290F/G, 2382A/B and 2581A/B	
0.5		Biology/Statistics 2244A/B	
1.5		Biochemistry 3380G, 3381A and 3382A	
1.0		1.0 Biochem course <u>listed in Major</u>	+
1.0		1.0 additional Biochem course <u>listed in Major</u>	+
0.5		One of Biology 3316A/B or Physiology 3140A	
1.0		Anatomy and Cell Biology (ACB) 3309	
1.0		ACB 2200B + one of ACB 3200A, 3329B, 3700G	
1.0		1.0 4000-level Anatomy and Cell Biology	+
0.5		<a href="#">0.5 substitute course for either the Major in Biochem or the Major in Med Cell Biology</a>	
<b>= 11.0 courses</b>			

Full details about the [Common Course Policy](#) are found on the BMSc website.

For these Double Majors, there are 1.5 “common courses”: Biochemistry 2280A, Chemistry 2213A or 2273A, and Biology/Stats 2244A/B. The two common half courses with the highest marks are double-counted/used toward both Major modules. The remaining common half course is used only toward one of the Majors leaving the other Major short of a half course. A half “substitute course” must then be taken for the Major that is short by a half course. Look at the [Substitute Course lists](#) to see whether you prefer the substitute courses that have been approved for one Major vs. the other Major. If you prefer to take a course listed in the substitute course list for the Major in Medical Cell Biology, then the remaining common half course is used toward the Major in Biochemistry and the substitute half course is used toward the Major in Medical Cell Biology.

Quick graduation check for BMSc degree with Major in Biochemistry + Major in Medical Cell Biology:

<u>Year 1</u>	<u>Breadth</u>	<u>Essay</u>	Majors	20.0 credits	13.0 senior credits, numbered 2000 and above
---------------	----------------	--------------	--------	--------------	--

Submit this form for review **ONLY if you are in Year 4 and unsure if all the requirements to graduate will be satisfied**. To submit the form, go to the [BMSUE Question Portal](#). Select your student category on the left and then Graduation Requirements on the right - upload your form

**RESET FORM**

Clicking "reset" will clear everything that you have entered above

**Office use only:**

Satisfies requirements for graduation.  
Student has been sent copy of form.
