BMSc Hons degree with Double Majors:
Major Biochemistry + Major Micro Imm
For students entering Yr 3 in 2025/26 and onward

11.0 unique courses must be completed for the modular requirements for the [Major in Biochemistry](#) + [Major in Microbiology and Immunology](#)

- check the boxes below, making selections from drop-down boxes (if present) and typing in courses if a drop-down box isn't present
- check [Access to Courses](#) for constraints on basic medical science courses (priorities, etc.) since having the prerequisite does not assure access to courses.
- Green courses are Admission Requirements and must be completed by the end of Year 2
- Blue courses are included in the Progression Requirements and must be completed by the end of Year 3
- Other courses can be completed in any year, provided the prerequisites are satisfied

NO course can be used in two places below, e.g., Biochemistry 3385B cannot be used as 0.5 additional Biochem from picklist in Major Biochem and as a substitute 0.5 course for the Major in Biochem.

| | | | |
|----------------|--|--|----|
| 0.5 | | Biochemistry 2280A | |
| 0.5 | | Chemistry 2213A or 2273A | |
| 1.0 | | Biology 2382A/B and 2581A/B | |
| 0.5 | | Biology/Statistics 2244A/B | |
| 0.5 | | Microbiology and Immunology 2500A/B | |
| 1.5 | | Biochemistry 3380G, 3381A and 3382A | |
| 1.5 | | Micro Imm 3610F and 3400A and one of Mic Imm 3200B or 3300B | |
| 0.5 | | 0.5 substitute course for Major Mic Imm: the other of Micro Imm 3200B or 3300B | |
| 1.5 | | 1.5 Biochem courses for Major Biochem | + |
| 1.0 | | 1.0 4000-level Micro Imm for Major Micro Imm | + |
| 1.0 | | Medical Sciences 4000E | |
| 0.5 | | 0.5 substitute course for Major Biochem | |
| 0.5 | | 0.5 substitute course for either Major Biochem or Major Micro Imm | or |
| = 11.0 courses | | | |

Full details about the [Common Course Policy](#) are found on the BMSc website.

For these Double Majors, there are 2.5 "common courses": Biochemistry 2280A, Biology 2581A/B, Chemistry 2213A/B and Medical Sciences 4000E. The 1.0 common course with the higher mark, e.g., either (Biochem 2280A + Biology 2581A/B) or Medical Sciences 4000E, will be double-counted and used toward both Major modules.

Substitute courses: 1.5 substitute courses are required. The 0.5 substitute course for the Major in Micro Imm must be the remaining 3000-level half course in Micro Imm. 0.5 substitute course for the Major in Biochemistry is selected from the dropdown box, and the third 0.5 substitute course can be chosen for either the Major Biochem or the Major Micro Imm (your choice).

See the [Graduation Requirements for Honours Bachelor Degrees](#) (such as first-year, breadth, minimum mark and average requirements, etc.). Your quick graduation check for BMSc Honours degree with Major in Biochemistry + Major in Microbiology and Immunology:

| | | | | | |
|--------|---------|------------------------------------|--------|--------------|--|
| Year 1 | Breadth | Modular courses satisfy essay reqt | Majors | 20.0 credits | 13.0 senior credits, numbered 2000 and above |
|--------|---------|------------------------------------|--------|--------------|--|

Submit this form for review to the BMSUE Question Portal if you have questions and/or want a graduation check. There is no need to submit the form if you are sure that your course selection satisfies all the requirements to graduate.
