**BMSc degree with Double Majors:**  
**Major Biochemistry + Major Micro Imm**  
*For students registered Yr 3 in 2025/26 and 2026/27, only*

**11.0 unique courses must be completed for the modular requirements for the [Major in Biochemistry](#) + [Major in Microbiology and Immunology](#)**

- check the boxes below, making selections from drop-down boxes (if present) and typing in courses if a drop-down box isn't present
- check [Access to Courses](#) for constraints on basic medical science courses (priorities, etc.) since having the prerequisite does not assure access to courses.
- Green courses are Admission Requirements and must be completed by the end of Year 2
- Blue courses are included in the Progression Requirements and must be completed by the end of Year 3
- Other courses can be completed in any year, provided the prerequisites are satisfied

*NO course can be used in two places below, e.g., Biochemistry 3385B cannot be used as 0.5 additional Biochem from picklist in Major Biochem **and** as a substitute 0.5 course for the Major in Biochem.*

0.5		Biochemistry 2280A		
0.5		Chemistry 2213A or 2273A		
1.0		Biology 2382A/B and 2581A/B		
0.5		Biology/Statistics 2244A/B		
0.5		Microbiology and Immunology 2500A/B		
1.5		Biochemistry 3380G, 3381A and 3382A		
1.5		Micro Imm 3610F <b>and</b> 3400A, <b>and</b> one of Micro Imm 3200B or 3300B		
1.5		1.5 Biochem courses for Major Biochem	+	+
1.0		1.0 4000-level Micro Imm for Major Micro Imm		+
1.0		1.0 course for Major Biochem instead of Med Sci 4000E		+
1.0		1.0 course for Major Mic Imm instead of Med Sci 4000E		+
0.5		0.5 substitute course for either Major Biochem or Major Micro Imm		or
= 11.0 courses				

Full details about the [Common Course Policy](#) are found on the BMSc website.

For these Double Majors, there are 1.5 "common courses": Biochemistry 2280A, Biology 2581A/B and Chemistry 2213A/B. The 1.0 common course with the higher mark, e.g., Biochem 2280A + Biology 2581A/B, will be double-counted and used toward both Major modules. A half "substitute course" must be taken for one Major (your choice).

See the [Graduation Requirements for Honours Bachelor Degrees](#) (such as first-year, breadth, minimum mark and average requirements, etc.). Your quick graduation check for BMSc Honours degree with Major in Biochemistry + Major in Microbiology and Immunology:

<u>Year 1</u>	<u>Breadth</u>	<u>Essay</u>	Majors	20.0 credits	13.0 senior credits, numbered 2000 and above
---------------	----------------	--------------	--------	--------------	--

**Submit this form for review to the BMSUE Question Portal if you have questions and/or want a graduation check. There is no need to submit the form if you are sure that your course selection satisfies all the requirements to graduate.**

RESET FORM

Clicking this button will clear all check boxes and any typing/selections that you have made.

**BMSUE Office use only:**

Satisfies requirements for graduation.  
Student has been sent copy of form.
