BMSc Hons degree with Double Majors:
Major Medical Cell Biology +
Major Microbiology and Immunology
For students entering Yr 3 in 2025/26 and onward

11.0 unique courses must be completed for the modular requirements for the [Major in Medical Cell Biology](#) + [Major in Microbiology and Immunology](#)

- check the boxes below, making selections from drop-down boxes (if present) and typing in courses if a drop-down box isn't present
- check [Access to Courses](#) for constraints on basic medical science courses (priorities, etc.) since having the prerequisite does not assure access to courses.
- **Green courses are Admission Requirements and must be completed by the end of Year 2**
- **Blue courses are included in the Progression Requirements and must be completed by the end of Year 3**
- Other courses can be completed in any year, provided the prerequisites are satisfied

NO course can be used in two places below, e.g., Anat Cell Bio 2200A/B cannot be used to satisfy more than one requirement below

0.5		Biochemistry 2280A	
1.5		Biology 2290F/G, 2382A/B and 2581A/B	
0.5		Chemistry 2213A	
0.5		Biology/Statistics 2244A/B	
0.5		Micro Imm 2500A/B	
2.0		*Anat Cell Bio 3309 <i>and</i> *1.0 course from picklist in Major Med Cell Biology	+
1.5		Micro Imm 3610F <i>and</i> 3400A <i>and</i> one of Micro Imm 3200B or 3300B	
0.5		0.5 substitute course for Major Micro Imm: the other of Micro Imm 3200B or 3300B	
1.0		1.0 4000-level ACB course	+
1.0		1.0 4000-level Micro Imm for Major Micro Imm	+
1.0		Medical Sciences 4000E	
0.5		0.5 substitute course for Major Medical Cell Biology	
		* 1.0 of these 2.0 courses must be completed by the end of Year 3 ** one of Bio 3316A/B or Physiology 3140A (not both) can be used towards the Major in Medical Cell Biology	
= 11.0 courses			

Full details about the [Common Course Policy](#) are found on the BMSc website.

There are 2.0 "common courses": Biochemistry 2280A, Biology 2382A/B and Medical Sciences 4000E. The 1.0 common course with the higher mark, either Medical Sciences 4000E or (Biochem 2280A + Bio 2382A/B) will be double-counted and used toward both Major modules.

Substitute courses: 0.5 substitute course is needed for each Major. The 0.5 substitute course for the Major in Microbiology and Immunology must be the third course from Mic Imm 3200B, 3300B and 3400A (recommended, but not required, to be done by the end of third year).

See the [Graduation Requirements for Honours Bachelor Degrees](#) (such as first-year, breadth, minimum mark and average requirements, etc.). **Your quick graduation check for BMSc Honours degree with Major in Medical Cell Biology + Major in Microbiology and Immunology:**

<u>Year 1</u>	<u>Breadth</u>	Modular courses satisfy essay reqt	Majors	20.0 credits	13.0 senior credits, numbered 2000 and above
