BMSc Hons degree with Double Majors:
Major Pathology + Major Physiology
For students entering Yr 3 in 2025/26 and onward

11.0 unique courses must be completed for the modular requirements for the [Major in Pathology](#) + [Major in Physiology](#)

- check the boxes below, making selections from drop-down boxes (if present) and typing in courses if a drop-down box isn't present
- check [Access to Courses](#) for constraints on basic medical science courses (priorities, etc.) since having the prerequisite does not assure access to courses.
- Green courses are Admission Requirements and must be completed by the end of Year 2
- Blue courses are included in the Progression Requirements and must be completed by the end of Year 3
- Other courses can be completed in any year, provided the prerequisites are satisfied

NO course can be used in two places below, e.g., Chemistry 2213A cannot be used in more than one place below

Full details about the [Common Course Policy](#) are found on the BMSc website.

There are 2.0 "common courses": Biochemistry 2280A, Biology 2382A/B and Medical Sciences 4000E. The better of (Biochem 2280A + Biology 2382A/B) or Medical Sciences 4000E will be double-counted and used toward both Major modules.

Substitute courses: 0.5 substitute course is needed for each Major. The 0.5 substitute course for the Major in Physiology can be either one more of Biology 2290F/G, Biology 2581A/B, Bio/Stats 2244A/B or Chemistry 2213A, or a basic medical science half course at the 2000-level or above (select subject and indicate the course number, e.g., Anat Cell Bio 3200B).

See the [Graduation Requirements for Honours Bachelor Degrees](#) (such as first-year, breadth, minimum mark and average requirements, etc.). **Your quick graduation check for BMSc Honours degree with Major in Pathology + Major in Physiology:**
