### COURSE CONSTRAINTS FOR ANATOMY AND CELL BIOLOGY COURSES

There are three enrollment periods for Fall/Winter Courses:

1. **Priority Enrollment Period (July 6 – July 28):** Only students registered in the modules indicated by PEP, PEP-SL, PEP-SR will be able to register in the courses, subject to spaces being available.

   - PEP: students have been registered for students in the module until and end of day on July 28. If the limited number of spaces have been filled, then additional students in this module cannot register even if the course is not full.
   - PEP-SL: students in a module that indicates PEP-SL are unable to register in a course during the Priority Enrollment Period (July 6 to July 28) because a class has not been vacated. The Office of the Registrar will not process a student’s request to register until the class has been vacated. At that point, the student will be registered in the course.

2. **Adjustment Enrollment Period (July 29 – August 5):** The Office of the Registrar will enroll students from the wait list who are registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course during the Adjustment Enrollment Period (July 29 – August 5), then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

3. **General Enrollment Period (August 6 – September 17):** The Office of the Registrar will enroll students from the wait list who have been registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course, then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

By start of business day on July 20: any student with the prerequisite will be able to register in basic medical science courses for which a priority was in place only for the Priority Enrollment Period, subject to spaces being available.

### Priorities

- **Priority Enrollment Period (July 6 – July 28):**
  - Students registered in the modules indicated by PEP, PEP-SL, PEP-SR will be able to register in the courses, subject to spaces being available.
  - PEP-SL: students have been registered for students in the module until and end of day on July 28. If the limited number of spaces have been filled, then additional students in this module cannot register even if the course is not full.
  - PEP-SL: students in a module that indicates PEP-SL are unable to register in a course during the Priority Enrollment Period (July 6 to July 28) because a class has not been vacated. The Office of the Registrar will not process a student’s request to register until the class has been vacated. At that point, the student will be registered in the course.

### Adjustment Enrollment Period (July 29 – August 5):

- **Adjustment Enrollment Period (July 29 – August 5):** The Office of the Registrar will enroll students from the wait list who are registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course during the Adjustment Enrollment Period (July 29 – August 5), then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

### General Enrollment Period (August 6 – September 17):

- **General Enrollment Period (August 6 – September 17):** The Office of the Registrar will enroll students from the wait list who have been registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course, then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

### Enrollment Periods

- **Priority Enrollment Period (July 6 – July 28):**
  - Students registered in the modules indicated by PEP, PEP-SL, PEP-SR will be able to register in the courses, subject to spaces being available.
  - PEP-SL: students have been registered for students in the module until and end of day on July 28. If the limited number of spaces have been filled, then additional students in this module cannot register even if the course is not full.
  - PEP-SL: students in a module that indicates PEP-SL are unable to register in a course during the Priority Enrollment Period (July 6 to July 28) because a class has not been vacated. The Office of the Registrar will not process a student’s request to register until the class has been vacated. At that point, the student will be registered in the course.

- **Adjustment Enrollment Period (July 29 – August 5):** The Office of the Registrar will enroll students from the wait list who are registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course during the Adjustment Enrollment Period (July 29 – August 5), then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

- **General Enrollment Period (August 6 – September 17):** The Office of the Registrar will enroll students from the wait list who have been registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course, then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

### Wait Lists

- **Wait Lists for courses in a module:**
  - Students will be able to join a wait list for a class/course during the three enrollment periods. If the course is either full or they do not have priority access (indicated by an error message during an attempt to register that states "available access not required"), students will be able to join a wait list. If a student joins a wait list for a course, they will be enrolled on the wait list for the course.
  - See Wait List for details about how to join a wait list, how to enrol/drop from a wait list, things to consider before joining a wait list, and FAQs.

### Priorities

- **Priority Enrollment Period (July 6 – July 28):**
  - Students registered in the modules indicated by PEP, PEP-SL, PEP-SR will be able to register in the courses, subject to spaces being available.
  - PEP-SL: students have been registered for students in the module until and end of day on July 28. If the limited number of spaces have been filled, then additional students in this module cannot register even if the course is not full.
  - PEP-SL: students in a module that indicates PEP-SL are unable to register in a course during the Priority Enrollment Period (July 6 to July 28) because a class has not been vacated. The Office of the Registrar will not process a student’s request to register until the class has been vacated. At that point, the student will be registered in the course.

- **Adjustment Enrollment Period (July 29 – August 5):** The Office of the Registrar will enroll students from the wait list who are registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course during the Adjustment Enrollment Period (July 29 – August 5), then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

- **General Enrollment Period (August 6 – September 17):** The Office of the Registrar will enroll students from the wait list who have been registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course, then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

### Enrollment Periods

- **Priority Enrollment Period (July 6 – July 28):**
  - Students registered in the modules indicated by PEP, PEP-SL, PEP-SR will be able to register in the courses, subject to spaces being available.
  - PEP-SL: students have been registered for students in the module until and end of day on July 28. If the limited number of spaces have been filled, then additional students in this module cannot register even if the course is not full.
  - PEP-SL: students in a module that indicates PEP-SL are unable to register in a course during the Priority Enrollment Period (July 6 to July 28) because a class has not been vacated. The Office of the Registrar will not process a student’s request to register until the class has been vacated. At that point, the student will be registered in the course.

- **Adjustment Enrollment Period (July 29 – August 5):** The Office of the Registrar will enroll students from the wait list who are registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course during the Adjustment Enrollment Period (July 29 – August 5), then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

- **General Enrollment Period (August 6 – September 17):** The Office of the Registrar will enroll students from the wait list who have been registered in the module for which a priority was in place during the Priority Enrollment Period. If courses are unable to register in a course, then they can put themselves on a wait list. The priority enrollment condition will expire at the end of day on July 28 for the Adjustment Enrollment Period ends. If a student has registered in a module, then the student will be registered in the course.

### Wait Lists

- **Wait Lists for courses in a module:**
  - Students will be able to join a wait list for a class/course during the three enrollment periods. If the course is either full or they do not have priority access (indicated by an error message during an attempt to register that states "available access not required"), students will be able to join a wait list. If a student joins a wait list for a course, they will be enrolled on the wait list for the course.
  - See Wait List for details about how to join a wait list, how to enrol/drop from a wait list, things to consider before joining a wait list, and FAQs.
