There are three enrollment periods for Fall/Winter Courses:

1. **Priority Enrollment Period (July 5 – August 3):** Only students registered in the modules indicated by AEP, PEP-SR, PEP-SL, will be able to register in the course, subject to spaces being available.

   - If students are registered in a module that indicates AEP, they will be able to register in the course during the Priority Enrollment Period because limited spaces allocated to these courses during the Priority Enrollment Period, and no additional space is reserved for students from the wait list. Limited spaces allocated to these courses during the Priority Enrollment Period.
   - All students will be enrolled in order of their wait list position number as long as they satisfy the conditions for enrollment from a wait list.

2. **General Enrollment Period (August 5 – September 16):**
   - Students will be able to register in any basic medical science course, with the exceptions of courses which have restricted access, provided they have the prerequisite and space is available in the course.
   - Students who are registered in a module that indicates PEP-SL, AEP or PEP-SR, will be able to register in any basic medical science course, with the exceptions of courses with restricted access, provided they have the prerequisite and space is available in the course.
   - Students who are registered in a module that indicates PEP-SL, AEP or PEP-SR, will be able to register in any basic medical science course, with the exceptions of courses with restricted access, provided they have the prerequisite and space is available in the course.

3. **Course Constraints for Basic Medical Science Courses:**
   - Students will have the option to join a wait list for a basic medical science course if the course is not available during the Priority Enrollment Period. If the course is not available during the Priority Enrollment Period, students will be enrolled in order of their wait list position number as long as they satisfy the conditions for enrollment from a wait list.
   - In addition, students will have the option to join a wait list for a basic medical science course if the course is not available during the Priority Enrollment Period. If the course is not available during the Priority Enrollment Period, students will be enrolled in order of their wait list position number as long as they satisfy the conditions for enrollment from a wait list.

See [chart for details about how to join a wait list, how to enrol/drop from a wait list, things to consider before joining a wait list, and FAQs](https://www.schulich.uwo.ca/bmsc/academic_resources/courses/access_to_courses.html).
