## COURSE CONSTRAINTS FOR MEDICAL BIOPHYSICS COURSES

There are three enrollment periods for Fall/Winter courses:

1. **Priority Enrollment Period**: July 4 - August 10
2. **Adjustment Enrollment Period**: July 29 - August 5
3. **General Enrollment Period**: August 6 - September 17

### Priorities

Students who wish to register in a course for which priorities are in place must register during the Enrollment Period(s) specified for that course in the chart below. If a course has a priority, students must register for that course during the specified enrollment period(s). If not, they can register at any time before the course begins.

### Enrollment Periods

<table>
<thead>
<tr>
<th>Course</th>
<th>Enrollment Period (July 4 - August 10)</th>
<th>Adjustment Enrollment Period (July 29 - August 5)</th>
<th>General Enrollment Period (August 6 - September 17)</th>
</tr>
</thead>
</table>
| Medical Sciences 2 (Med Sci First Entry)    | Registration by June 30               | August 5: On a first-come, first-served basis | August 6: Registration is open until the university term.
| Medical Health Informatics - HSP           | Registration by June 30               | August 5: On a first-come, first-served basis | August 6: Registration is open until the university term.
| Medical Biophysics (Clin Phys Conc’n) - HSP| Registration by June 30               | August 5: On a first-come, first-served basis | August 6: Registration is open until the university term.
| Combined BMSc (IMS)/HBA                    | Registration by June 30               | August 5: On a first-come, first-served basis | August 6: Registration is open until the university term.

### Wait List

Students who are not able to register for a course during the Priority Enrollment Period or the Adjustment Enrollment Period can place themselves on a wait list. The Office of the Registrar will run processes daily to enroll students from the wait list should spaces become available. Students can join the wait list through the UWO Student Portal.

### Wait List Restrictions

Courses with a restriction in place (i.e., PEP, PEP-SR, PEP-SL) will only be available to students registered in the specific module(s) for which priorities are in place. Students who are not registered in the specific module(s) will be unable to register for these courses.

### Registration Process

By the start of business day on August 5, students will be able to register in basic medical science courses for which a priority was in place only for the Priority Enrollment Period, subject to spaces being available.

---

### Example:

#### BIOCHEMISTRY (HSP)

**Enrollment Periods:**
- **Priority Enrollment Period (July 4 - August 10):**
  - PEP
- **Adjustment Enrollment Period (July 29 - August 5):**
  - PEP
- **General Enrollment Period (August 6 - September 17):**
  - PEP

#### Registration Process:

By the start of business day on August 5, students will be able to register in basic medical science courses for which a priority was in place only for the Priority Enrollment Period, subject to spaces being available.

---

### Wait List
