There are three enrollment periods for Fall/Winter Courses:

1. **Priority Enrollment Period (July 6 – July 28):**
   - Basic medical science courses have priorities in place during this period.
   - All students will be able to register in the course, subject to space availability.
   - If students request an exception to the registration rules for PEPSL, PEPS-R, or PEPS-R, they will be able to register in the course, subject to space availability.

2. **Adjustment Enrollment Period (July 29 – August 4):**
   - Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
   - Some basic medical science courses have priorities in place which are subject to spaces being available.
   - To use this chart, students will be able to register in any basic medical science course, with the exceptions of courses which have restricted access, provided they have the prerequisite and space is available in the course.

   - **By start of business day on July 28:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **By start of business day on July 30:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **By start of business day on August 1:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **General Enrollment Period (August 6 – September 17):**
     - **Adjustment Enrollment Period (July 29 – August 4):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **By start of business day on August 8:**
     - Any student with the prerequisite will be able to register in any basic medical science course, with the exceptions of courses which have restricted access, provided they have the prerequisite and space is available in the course.

   - **By start of business day on August 17:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **By start of business day on September 17:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **General Enrollment Period (August 6 – September 17):**
     - **Adjustment Enrollment Period (July 29 – August 4):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **By start of business day on August 8:**
     - Any student with the prerequisite will be able to register in any basic medical science course, with the exceptions of courses which have restricted access, provided they have the prerequisite and space is available in the course.

   - **By start of business day on August 17:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.

   - **By start of business day on September 17:**
     - **Priority Enrollment Period (July 6 – July 28):** Courses with a restriction in place (courses with specific prerequisites) will be available to students who put themselves on a wait list during the Priority Enrollment Period and have priority access to the course for the Adjustment Enrollment Period.
     - Any student with the prerequisite will be able to register in the course, subject to space availability.
