There are three enrollment periods for Fall/Winter Courses:

1. Priority Enrollment Period (July 28 - August 4): some basic medical science courses have priorities in place during this period. These courses also have priorities in place during the Priority Enrollment Period.
2. General Enrollment Period (August 5 - September 16): no basic medical science courses have priorities in place during this period.

Courses with a waitlist in place (in italics) are not available to the students enrolled in the modules indicated. Special permission will be granted for other students to take these courses.

Priority Enrollment Period (July 8 - July 27):
- Any student registered in the module indicated by AEP, PEP-SL, PEP-SR, will be able to register in the course, subject to spaces being available.
- PEP students in this module have priority access until the end of day on July 27.
- AEP, PEP-SL, and/or PEP-SR students have been enrolled in the module until the end of day on July 27.
- The Office of the Registrar reserves the right to reserve some spaces in the module until the end of day on July 27.

General Enrollment Period (August 5 - September 16):
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.
- By start of business day on August 5, students in this module have priority access until the end of day on July 27.
- By start of business day on August 5, students in this module have priority access until the end of day on July 27.
- By start of business day on August 5, students in this module have priority access until the end of day on July 27.
- By start of business day on August 5, students in this module have priority access until the end of day on July 27.
- By start of business day on August 5, students in this module have priority access until the end of day on July 27.

Adjustment Enrollment Period (August 8 - August 14):
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.
- By start of business day on August 8, students in this module have priority access until the end of day on July 27.

To use this chart:
- The chart outlines the deadlines for the courses to be filled for each period, as well as which courses have priority access.
- It also provides information about when courses will be available for registration, based on the priority access.
- The chart includes a table that shows which courses have priority access during each period.

The chart is divided into three sections:
1. **Selection of Courses:** This section lists the courses offered during each period, along with their priority access status.
2. **Enrollment Periods:** This section describes the enrollment periods and when courses are available for registration.
3. **Deadlines:** This section includes important deadlines for each period, as well as any special instructions for registration.

By start of business day on August 8, students who have not registered in a module for which priority access is given will be able to register in the course, subject to spaces being available.

Students will have the option to place themselves on a wait list for a class/course during all three enrollment periods. Once you put yourself on a wait list, you stay on the wait list unless you “drop” yourself from the wait list.

Students will have the option to place themselves on a wait list for a class/course during all three enrollment periods. Once you put yourself on a wait list, you stay on the wait list unless you “drop” yourself from the wait list.
