### COURSE CONSTRAINTS FOR PHYSIOLOGY COURSES

There are three enrollment periods for Fall/Winter Courses:

1. **Priority Enrollment Period (July 6 – July 28):**
   - This period is for students to register in the courses they have previously registered for in the fall term or have priority to register for the course.
   - Students with a wait list in place (3B in the course) will be able to register in the course, subject to spaces being available.

2. **Adjustment Enrollment Period (July 29 – August 5):**
   - If there are spaces remaining in the course after the Priority Enrollment Period, students will have the option to place themselves on a wait list during all three enrollment periods.
   - Wait Lists for courses:
     - **Priority Enrollment Period:**
       - All students will have the option to place themselves on a wait list.
       - The Office of the Registrar will notify students when spaces become available.
     - **Adjustment Enrollment Period:**
       - Students will be able to place themselves on a wait list if spaces become available during this period.

3. **General Enrollment Period (August 6 – September 17):**
   - By start of business day on August 6, students will be able to register in all basic medical science courses, with the exceptions of courses which have restrictions, provided they have the prerequisite and space is available in the course.

### To see this chart:

**Check the row immediately below the heading of the courses you are interested in and look for the symbol (3B) indicating the enrollment period(s) during which priority is in place. Courses with PEP, PEP-SR, PEP-SL, AEP-SL, or AEP-SR, have priorities in place during the Priority Enrollment Period. These courses will have spaces reserved for students in the module until the end of the enrollment period.**

**See the chart of Reserved Spaces in 4000-level basic medical courses at:** [http://www.ubc.ca/courses/catalogue/](http://www.ubc.ca/courses/catalogue/)

**Note:**
- There are three enrollment periods for Fall/Winter Courses: Priority Enrollment Period, Adjustment Enrollment Period, and General Enrollment Period.
- During the Priority Enrollment Period, students will have priority to register in courses that they have previously registered for during the fall term.
- During the Adjustment Enrollment Period, students will have the option to place themselves on a wait list if spaces become available.
- During the General Enrollment Period, all students will be able to register in courses that have previously been reserved for students in the module.

**Wait Lists for courses:**
- Students will have the option to place themselves on a wait list for a class/course during all three enrollment periods if the course is either full or if they do not have priority access.
- During the Adjustment Enrollment Period, students will have the option to place themselves on a wait list if spaces become available.

**Wait Lists for courses:**
- Students will have the option to place themselves on a wait list if the course is either full or if they do not have priority access.
- During the Adjustment Enrollment Period, students will have the option to place themselves on a wait list if spaces become available.
- During the General Enrollment Period, all students will be able to register in courses that have previously been reserved for students in the module.

**Wait Lists for courses:**
- Students will have the option to place themselves on a wait list if the course is either full or if they do not have priority access.
- During the Adjustment Enrollment Period, students will have the option to place themselves on a wait list if spaces become available.
- During the General Enrollment Period, all students will be able to register in courses that have previously been reserved for students in the module.

**Wait Lists for courses:**
- Students will have the option to place themselves on a wait list if the course is either full or if they do not have priority access.
- During the Adjustment Enrollment Period, students will have the option to place themselves on a wait list if spaces become available.
- During the General Enrollment Period, all students will be able to register in courses that have previously been reserved for students in the module.
