

DIVISION OF CARDIOLOGY- SUMMARY OF WEEKLY ROUNDS

Monday, November 11 - Friday, November 15, 2019

Monday, November 11:

8:00-9:00		Cardiovascular Grand Rounds <i>No Rounds - Remembrance Day observed</i>
12:00-1:30		Adult Congenital Cardiac Surgery Rounds <i>Videoconference from Toronto</i> <i>No Rounds - Remembrance Day observed</i>

Tuesday, November 12:

7:00-8:00	B6-115 UH <i>OTN Event #: 135175906</i>	Complex Revascularization Rounds Presenters: CV Surgeons & Interventionalists Faculty Supervisors: D. Nagpal/P. Garg Case-based presentation and discussion Learning Objectives: 1. To develop a systematic approach to interpretation of coronary angiograms. 2. To discuss interesting case examples and their management. 3. To apply an evidence-based approach to complex revascularization cases in order to improve outcomes.
8:00-9:00	B6-115 UH & B2-074 St. Joseph's <i>OTN Event #: 135179286</i>	Heart Failure Rounds Presenters: Attendings & NPs Faculty Supervisors: S. Smith, R. McKelvie & S. MacGregor Learning Objectives: 1. To develop a systematic approach for management of patients with advanced heart failure despite usual care. 2. To discuss challenging cases and develop management plans. 3. To apply patient centered, evidence-based approach to advanced heart failure care in order to improve outcomes, decrease hospitalization and ensure that patients' goals are addressed to the best of our ability.
2:00-5:00	B6-128 UH	ACADEMIC HALF DAY/DIDACTIC EDUCATION SESSIONS
2:00-5:00		OSCE Examiners: R. Davey/S. De

Wednesday, November 13:

8:00-9:00	B6-115 UH	EP Rounds: Tracing Rounds Presenters: Attendings & Fellows Learning Objectives: 1. To develop a systematic approach to EP tracings. 2. To discuss interesting case examples. 3. To review electrophysiology principles and concepts.
-----------	-----------	---

Thursday, November 14:

8:00-9:00	B6-128 UH	Graphics Rounds: MRI Presenter: N. Tzemos
12:00-1:00	B6-115 UH, B2-122 VH, B3-655 St. Joseph's <i>OTN Event #: 135202197</i>	Echocardiography Rounds Presenters: Fellows & Attendings Learning Objectives: 1. To discuss technical aspects related to the acquisition of cardiac ultrasound. 2. To discuss the anatomical and physiological principles underlying echocardiography images. 3. To understand how echocardiography may assist in the management of patients with known or suspected cardiac disease.
5:30	<i>The Black Trumpet, 523 Richmond Street, London 519.850.1500</i> <i>Sponsor: Pfizer Canada Inc.</i>	Journal Club <i>Attendance open to Residents, Fellows and Division Members. RSVP to Charlene Grass (Ext. 33830 or email charlene.grass@lhsc.on.ca)</i> Presenter: H. Haghbayan Faculty Supervisor: P. Diamantouros Paper for Presentation: Ticagrelor or Prasugrel in Patients with Acute Coronary Syndromes S. Schüpke, et al. N Engl J Med 2019;381:1524-34 Learning Objectives: 1. Review the pharmacological differences between the different P2Y12 receptor inhibitors. 2. Critically appraise ISAR REACT 5, the first prospective direct randomized comparison of ticagrelor and prasugrel. 3. Discuss the implications of ISAR REACT 5 on clinical practice and areas for future research.

Friday, November 15:

8:00-9:00	B6-115 UH <i>OTN Event #: 135207049</i>	EP Rounds: Device Rounds Presenters: Attendings & Fellows Learning Objectives: 1. To develop a systematic approach to device tracings. 2. To discuss interesting case examples. 3. To review programming features and troubleshooting.
12:00-1:00	B6-128 UH	Transplant Rounds Presenters: Attendings & Fellows Learning Objectives: 1. To review the multidisciplinary issues surrounding transplantation and mechanical circulatory support. 2. To understand hemodynamics of heart failure patients. 3. To discuss the psychosocial issues surrounding transplantation and mechanical circulatory support.

Some of these educational activities/rounds are an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada, approved by the Division of Cardiology Education Committee - Western University.

Supported by unrestricted grants-in-aid provided by:

Amgen Canada Inc. (Repatha)

AstraZeneca Canada Inc. (Brilinta (Ticagrelor))

Bayer Inc. (XARELTO® rivaroxaban tablet)

Bristol-Myers Squibb Canada & Pfizer Canada Inc. (Eliquis (apixaban))

Medtronic of Canada Inc.

Novartis Pharmaceuticals Canada Inc. (Entresto)

Sanofi (Praluent)

Servier Canada Inc. (Lixiana, Lancora)
