

DIVISION OF CARDIOLOGY- SUMMARY OF WEEKLY ROUNDS

Monday, September 16 - Friday, September 20, 2019

Monday, September 16:

| | | |
|------------|---|---|
| 8:00-9:00 | Aud B UH, B2-116 VH & B2-075 St. Joseph's <i>OTN Event #: 135170133</i> | Cardiovascular Grand Rounds Presenter: M. Crowther Title of Presentation: Monday Double Header: Managing DOAC Associated Bleeding and Managing DOAC Interruption for Procedures or Surgery Learning Objectives: 1. To review current evidence based strategies for management of DOACs around the time of surgery, and with bleeding. 2. To discuss various options that may reduce long-term complications of these events. 3. To better understand the rationale for not using bridging therapy with DOACs. |
| 12:00-1:30 | B6-115 UH <i>OTN Event #: 102030241</i> | Adult Congenital Cardiac Surgery Rounds <i>Videoconference from Toronto</i> Case-based presentation and discussion Learning Objectives: 1. To describe long-term complications and outcomes in adults with congenital disease. 2. To formulate a rational approach to the diagnosis and treatment of long-term complications in adults with congenital heart disease. 3. To recognize different diagnostic and therapeutic approaches in the treatment of adults with congenital heart disease. 4. To understand the importance of a systematic, multidisciplinary team approach to provide excellent care for adults with congenital heart disease. |

Tuesday, September 17:

| | | |
|-----------|--|--|
| 7:00-8:00 | B6-115 UH <i>OTN Event #: 135175818</i> | Complex Revascularization Rounds Presenters: CV Surgeons & Interventionalists Faculty Supervisors: D. Nagpal/P. Garg Case-based presentation and discussion Learning Objectives: 1. To develop a systematic approach to interpretation of coronary angiograms. 2. To discuss interesting case examples and their management. 3. To apply an evidence-based approach to complex revascularization cases in order to improve outcomes. |
| 8:00-9:00 | B6-115 UH & B2-074 St. Joseph's <i>OTN Event #: 135179198</i> | Heart Failure Rounds Presenters: Attendings & NPs Faculty Supervisors: S. Smith, R. McKelvie & S. MacGregor Learning Objectives: 1. To develop a systematic approach for management of patients with advanced heart failure despite usual care. 2. To discuss challenging cases and develop management plans. 3. To apply patient centered, evidence-based approach to advanced heart failure care in order to improve outcomes, decrease hospitalization and ensure that patients' goals are addressed to the best of our ability. |
| 2:00-5:00 | B6-128 UH | ACADEMIC HALF DAY/DIDACTIC EDUCATION SESSIONS - No Half Day |
| 1:00-4:30 | <i>Shuttleworth Auditorium, SJHC</i> | Q.I. Curriculum Session - Cardiology Residents |

Wednesday, September 18:

| | | |
|-----------|-----------|---|
| 8:00-9:00 | B6-115 UH | EP Rounds: Tracing Rounds Presenters: Attendings & Fellows Learning Objectives: 1. To develop a systematic approach to EP tracings. 2. To discuss interesting case examples. 3. To review electrophysiology principles and concepts. |
|-----------|-----------|---|

Thursday, September 19:

| | | |
|------------|---|--|
| 7:00-8:00 | B6-115 UH | Cardiac Cath/Interventional Rounds: M&M Rounds Presenters: Interventional Fellows Faculty Supervisor: P. Diamantouros Learning Objectives: 1. Present details of recent cases. 2. Discuss relevant learning points arising from the cases. 3. Implement effective strategies to improve future patient care. |
| 8:00-9:00 | B6-128 UH | Graphics Rounds: MRI Presenter: A. Thain |
| 12:00-1:00 | B6-115 UH, B2-122 VH, B3-655 St. Joseph's <i>OTN Event #: 135189501</i> | Echocardiography Rounds Presenters: Fellows & Attendings Learning Objectives: 1. To discuss technical aspects related to the acquisition of cardiac ultrasound. 2. To discuss the anatomical and physiological principles underlying echocardiography images. 3. To understand how echocardiography may assist in the management of patients with known or suspected cardiac disease. |

Friday, September 20:

| | | |
|------------|---|---|
| 8:00-9:00 | B6-115 UH OTN Event #: 135206869 | EP Rounds: Device Rounds Presenters: Attendings & Fellows Learning Objectives: 1. To develop a systematic approach to device tracings. 2. To discuss interesting case examples. 3. To review programming features and troubleshooting. |
| 12:00-1:00 | B6-128 UH | Transplant Rounds Presenters: Attendings & Fellows Learning Objectives: 1. To review the multidisciplinary issues surrounding transplantation and mechanical circulatory support. 2. To understand hemodynamics of heart failure patients. 3. To discuss the psychosocial issues surrounding transplantation and mechanical circulatory support. |

Some of these educational activities/rounds are an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada, approved by the Division of Cardiology Education Committee - Western University.

Supported by unrestricted grants-in-aid provided by:
Amgen Canada Inc. (Repatha)
AstraZeneca Canada Inc. (Brilinta (Ticagrelor))
Bayer Inc. (XARELTO® rivaroxaban tablet)
Bristol-Myers Squibb Canada & Pfizer Canada Inc. (Eliquis (apixaban))
Medtronic of Canada Inc.
Novartis Pharmaceuticals Canada Inc. (Entresto)
Servier Canada Inc. (Lixiana, Lancora)
