## **CLINICAL RESEARCH FELLOWSHIP - ELECTROPHYSIOLOGY**

### ***SPECIFIC RESPONSIBILITIES***

1. Direct management of active research being conducted by the supervisor.
2. Provide arrhythmia service consultations, attend clinics and participate in procedures (EP and devices if interested).
3. Apply for grants for self-funding and for identified studies.
4. Write protocols and ethics submissions for studies.
5. Approach patients identified for consideration in studies.
6. Conduct research protocols on subjects enrolled in the studies.
7. Learn and apply statistical methods. Analyze data in advanced statistical software.
8. Write high-quality manuscripts for publication in peer-reviewed indexed journals.

Candidates may apply to Dr. Habib Rehman Khan [habib.khan@lhsc.on.ca](mailto:habib.khan@lhsc.on.ca)

Consideration is given to all applicants based upon merit, but preference is given to candidates interested in pursuing an academic research career and those with their own source of salary support. Applicants should provide their curriculum vitae and three letters of reference. Upon receipt, documentation will be reviewed and appropriate candidates will be contacted for an interview.
