

Elentra New Feature

EPA Assessment Expiry after 30 days

Who: Residents, Faculty, Program Directors, Program Administrators

Why: To encourage timely completion of EPA assessments

How:

- Incomplete EPA assessments will automatically expire 30 days after the initial trigger date.
 - This timeframe will be revisited to determine an optimal balance between quality and prioritization of EPA completion with adapting to our new CBME culture
- A reminder email will be sent to the Assessor 7 days after the trigger date if the EPA has not yet been completed.
- Once an EPA assessment expires, an email will be sent to the Resident to inform them of the expiry.
