

# DOCTOR OF MEDICINE **CLASS OF 2021**

## **CLASS CELEBRATION**

*A Virtual Event*

*Saturday June 5, 2021, 11-1 pm EDT*

## **SCHULICH SCHOOL OF MEDICINE & DENTISTRY**

### **MISSION STATEMENT CLASS OF 2021**

Confident in our science and mindful of our humanity,  
we will adapt to and shape the future of healthcare,  
while finding balance in the practice of medicine.

## THE PHYSICIAN'S PLEDGE

**I SOLEMNLY PLEDGE** to dedicate my life to the service of humanity;

**THE HEALTH AND WELL-BEING OF MY PATIENT** will be my first consideration;

**I WILL RESPECT** the autonomy and dignity of my patient;

**I WILL MAINTAIN** the utmost respect for human life;

**I WILL NOT PERMIT** considerations of age, disease or disability, creed, ethnic origin, gender, nationality, political affiliation, race, sexual orientation, social standing, or any other factor to intervene between my duty and my patient;

**I WILL RESPECT** the secrets that are confided in me, even after the patient has died;

**I WILL PRACTISE** my profession with conscience and dignity and in accordance with good medical practice;

**I WILL FOSTER** the honour and noble traditions of the medical profession;

**I WILL GIVE** to my teachers, colleagues, and students the respect and gratitude that is their due;

**I WILL SHARE** my medical knowledge for the benefit of the patient and the advancement of health care;

**I WILL ATTEND** to my own health, well-being, and abilities in order to provide care of the highest standard;

**I WILL NOT USE** my medical knowledge to violate human rights and civil liberties, even under threat;

**I MAKE THESE PROMISES** solemnly, freely, and upon my honour.

Dear Schulich Medicine Class of 2021,

June 2021 seemed so far away when we met at your White Coat Ceremony in August 2017. Your journey since then has been one that no one could have imagined.

I am proud of your accomplishments and the resilience and professionalism you have demonstrated through good and challenging times.

Reflecting on the past four years, I have many fond memories of your achievements as you anticipated a successful career in medicine. I recall witnessing your class coming together in learning, at social events and in advocacy. You made a difference— starting in your first year. I feel fortunate to have gotten to know many of you through teaching, your leadership roles, Tachycardia, other School events and activities and through conversation.

The pandemic, impacting your two senior years, has brought loss for so many and uncertainty each day. You witnessed this from the side and front-lines, as you navigated your way through your senior clinical years. And as you, your family, friends, colleagues and your patients continue to deal with constant change, you stepped up.

Your class has met the many challenges head on as medical students, advocates and future leaders by contributing broadly. Through this, you developed true resilience.

As physicians, there will be many moments that challenge you and that leave you more resilient.

I believe Michelle Obama's quote addressing resilience and the future will resonate with your class: "*You should never view your challenges as a disadvantage. Instead, it's important for you to understand that your experience facing and overcoming adversity is actually one of your biggest advantages.*"<sup>1</sup>

I wish each of you a long successful career and life. There is no better career than medicine through which you and your teams can make a difference for individuals and society.

As your career evolves, please remember:

- Explore each opportunity offered;
- Remain true to your Hippocratic Oath;
- Keep close to and always value your colleagues and families;
- Take time for yourself;
- Give back to the community;
- Remember you are making a difference while others look to you for support and leadership;
- Learn from each event and grow to be a resilient leader who empowers positive change.

It has been a tremendous honour to be your Associate Dean and a privilege to look to you now as colleagues in our profession. Keep in touch and best wishes, wherever your career and life journey directs you.

Sincerely,

**Gary Tithecott** MD FRCPC MBA  
Vice Dean (Acting), Undergraduate Medical Education  
Associate Professor, Department of Paediatrics  
Schulich School of Medicine & Dentistry  
Western University

To the graduating Medicine Class of 2021,

I would like to extend, on behalf of the entire Hippocratic Council and all of Schulich Medicine, a sincere congratulations. This journey has been an arduous one for sure; your class faced more adversity than any other class before it. Throughout the uncertainty, last minute changes to your clinical work and everything else you have had to endure, you have done nothing but show every class following you how incredibly hard-working and committed you are. We could not have asked for better role models, colleagues or friends.

Your path is now set, you know where you will go and what you will do. I'm sure you are looking back on your time together as a class as one filled with happiness, support, challenges, disagreements and everything else that is expected of a family. As you each move on to your new journeys, while separated by distance, you are connected by the relationships, friendships, and comradery that you have built over these years at our School. Those relationships will always be there, as it's a part of what makes our community strong.

Once again, congratulations on making it to this point. The Class of 2021 has set a high standard for those who follow in your footsteps.

This is not a goodbye, just a see you later.

Sincerely,

Montana Hackett  
President, Hippocratic Council  
Schulich School of Medicine & Dentistry

# ORDER OF CEREMONY

## ~ WELCOME ~

*Dr. Charys Martin, Grand Marshall*

## ~ GREETINGS FROM THE PRESIDENT ~

*Dr. Alan Shepard, President & Vice-Chancellor, Western University*

## ~ MESSAGE FROM THE DEAN ~
