

Rounds Schedule for the Week of November 13, 2017

Tues. Nov. 14

08:00 - 09:30

CNS Grand Rounds*

LHSC-UH, Aud A

CNS Grand Rounds will be videoconferenced to Victoria Hospital room B2-208

08:00 - 08:30

Neurosurgery Presentation

Dr. A. Chalil

08:45 - 09:30

Aitken Memorial Lecture – see poster for details

Dr. K. Burchiel

Trigeminal Neuralgia: Current Concepts and Surgical Management

08:30 – 12:30

Neurology OSCE

LHSC-VH, Urgent Neuro

09:30 - 11:00

Neurosurgery Seminar Series Teaching Session

Dr. W. Ng

CanMEDS Communicator

LHSC-UH, 7N Conf Rm

11:00 – 13:00

Neurosurgery Case Rounds

LHSC-UH, 7N Conf Rm

Wed. Nov. 15

08:00

Neuroradiology Rounds

Dr. D. Pelz

Neuroradiology cases

LHSC-UH, C2-210

Neuroradiology rounds will be video conferenced to Victoria Hospital room C1-604 and to St. Joseph's Wilkins Library

12:00

Stroke Rounds

TBA

LHSC-UH, 7N Conf Rm

Thurs. Nov. 16

07:00

Spine Teaching Rounds

Dr. C. Bailey

Thoracolumbar trauma

LHSC-VH, E4-013

12:00

Neurology Quality Improvement Rounds

Dr. K. McConvey

Anticoagulation options for Jehovah's witnesses.

LHSC-UH, 7N Conf Rm

Fri. Nov. 17

08:00

Epilepsy Rounds*

Dr. S. Mirsattari

Case presentation

LHSC-UH, Aud C

11:00

Pediatric Neuroscience Rounds

Dr. C. Wilbur

Dancing to a new beat? Opsoclonus-myoclonus syndrome as a model for evolving treatment of Neuroinflammatory disorders.

**LHSC-VH, B2-208
EEG Conf. Rm**

**This event is an accredited group learning activity as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada*

Aitken Memorial Lecture Series

Trigeminal Neuralgia: Current Concepts and Surgical Management

November 14, 2017, 8:00 a.m.

Auditorium A, University Hospital, Western University

Guest Speaker: Dr. Kim Burchiel, MD, FACS

The 2017 guest lecturer for the Aitken Memorial Lecture series is Dr. Kim Burchiel. Dr. Burchiel is past Chairman of the AANS/CNS Joint Section on Pain, past-President of the American Board of Pain Medicine, past-President of the Society of University Neurosurgeons, and past-President of the Western Neurosurgical Society. He has been a Director and Vice-Chairman of the American Board of Neurological Surgery, he is Past-Secretary and President of the Society of Neurological Surgeons,

and he was a member and former Chairman of the ACGME Residency Review Committee for Neurological Surgery. He is the recipient of the Distinguished Service Award from both the Society of University Neurosurgeons, and the American Association of Neurological Surgery.

Objectives:

- 1) Demonstrate an understanding of the electrophysiological basis of trigeminal neuralgia
- 2) Describe the role of neurovascular compression in trigeminal neuralgia
- 3) Outline the impact of patient age and gender on the occurrence of neurovascular compression in trigeminal neuralgia
