Consumables: Prices include the cost of all consumables required for collection, processing, and storage

Plasma	EDTA tube (4 mL)	\$5.00	\$5.00
	EDTA tube (6 mL)	\$9.00	\$9.00
	EDTA tube (10 mL)	\$12.00	\$12.00
	PST/LiH tube (8.5 mL)	\$12.00	\$12.00
Cell-Free Plasma	EDTA tube (10 mL)	\$15.00	\$15.00
	STRECK tube (10 mL)	\$35.00	\$35.00
Serum	SST tube (8.5 mL)	\$12.00	\$12.00
PBMC Isolation	Not including collection tube	\$110.00	\$110.00
CTC Harvest & Count	Parsortix	\$470.00	\$470.00
Urine		\$12.00	\$12.00
Custom	Please request a custom quote for specialized biospecimen sample types		

For studies providing partial consumables, a minimum \$8.00/sample fee will be applied for additional lab-supplied materials.

Sample Handling

Lab Technician Fee	\$56.00/hour	\$100/hour
Urgent Handling Fee*	\$15.00/sample	\$25.00/sample

*Applied for expedited processing and prioritization of last-minute samples

Study Administration

Start-Up Fee*	\$56.00/hour	\$1000.00
Administrative Coordination**	\$56.00/hour	\$100.00/hour

*Applies to studies requiring protocol review, SIV attendance, preparation of processing kits and storage boxes, and processing form revision
**Charged for meeting attendance, kit assembly, non-stock ordering, shipment preparation, and cataloging/LIMS entry for incoming shipments

Storage: Biobanking/biorepository services are not offered; short-term cryostorage is available at the following rates:

	<2 month	>2 month
2" Cryobox	Complimentary	\$20.00/box/month
4" Cryobox	Complimentary	\$40.00/box/month

Storage capacity is limited and not guaranteed. Confirmation of available storage with Dr. Lori Lowes is required prior to study initiation.

For additional information please contact Dr. Lori Lowes (Lori.Lowes@lhsc.on.ca)

Prices effective for studies initiated on or after 1 Apr 2026.
