CALL FOR ABSTRACTS

ABSTRACT SUBMISSION DEADLINE: FRIDAY, SEPTEMBER 8, 2023

The London & Region FASD Conference planning committee is pleased to invite abstract submissions for featured oral and ePoster presentations for this year's virtual conference. Abstract topics may be basic, translational, or clinical research. The conference is inclusive of individuals from various personal and professional backgrounds, and we request that presentations are accessible and relevant across disciplines. Submitted presentations will be assessed for clarity, novelty, and overall significance to the FASD community.

Abstracts selected for an oral poster presentation will be asked to prepare a digital ePoster and a brief 5-minute video presentation explaining their research. Select abstracts will be invited to deliver a 10-minute slide-based oral presentation. Trainees and junior faculty will be given priority for presentations.
