General Information:

The Bench Test Exam is a two-day simulated practical assessment conducted at the Schulich School of Medicine & Dentistry for applicants who meet all the Doctor of Dental Surgery (DDS) Advanced Standing Program for International Dental Graduates (ASPIDG) [application requirements](#). To be eligible, applicants must meet the admission requirements for the DDS ASPIDG Program and submit a complete application with all required supporting documents by the deadline. **Only selected applicants will be invited to register for the Bench Test.** Candidates are required to complete a set of practical procedures associated with the preparation and restoration of permanent teeth on dentoforms. Review the [admissions process](#) for further information.

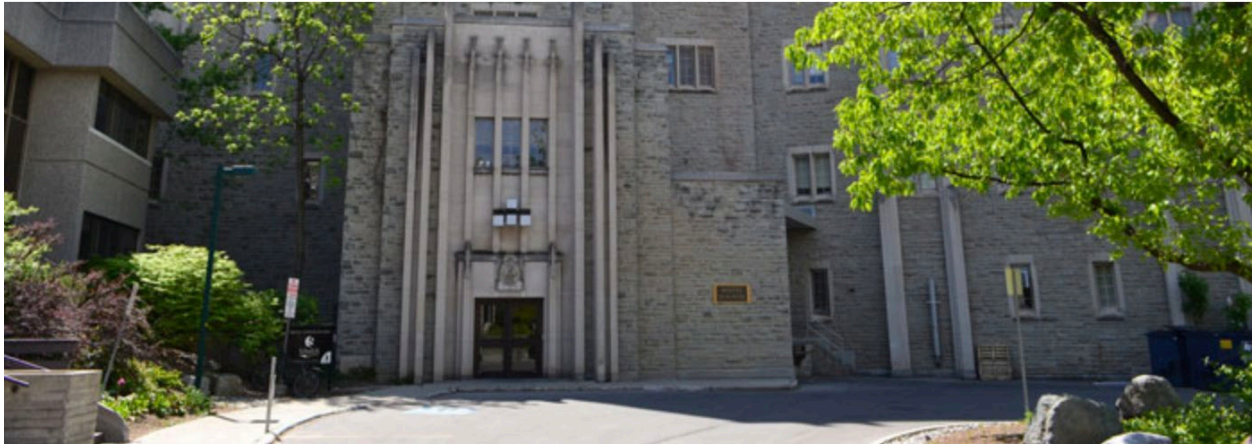

Bench Test Location

Western University
Dental Sciences Building
1151 Richmond St,
London, ON N6A 5C1

The Dental Sciences Building is accessible via Perth Drive, followed by a turn onto [Dental Circle](#).

Street view of the Dental Sciences Building:

Parking

Visitor parking on campus is limited, so carpooling is encouraged.

The nearest visitor parking is available at the [Social Science Lot \(Lot J\)](#) as indicated on the [Western Parking Map](#). Accessibility parking is located on Dental Circle, near the entrance of the Dental Sciences Building.

Admission & Registration

The [Advanced Standing Program for International Dental Graduates \(ASPIDG\) Admissions Policy](#) can be found on the Western University website.

To be eligible, applicants must meet the admission requirements for the DDS ASPIDG Program and submit a complete application with all required supporting documents by the deadline. Selected applicants will be invited to register for the Bench test.

The Bench Test will be held at the beginning of December. Please visit the [Continuing Dental Education website](#) for specific dates.

Registration Fee: Payable by credit card (Visa or MasterCard) through Western's secure online payment platform.

Refund Policy: *No refunds will be given.*

Schedule

You will receive a detailed schedule when your registration is confirmed. Please read this information carefully.

Day 1: Encompasses both task performance and immediate formative feedback, aiming to support learning, help candidates adapt to the school's simulation lab environment, understand evaluation criteria and standards, and refine their techniques.

Day 2: Designed to assess the candidate's psychomotor skills and infection prevention and control (IPAC) in a real-life simulation without feedback. Performance will be evaluated using technical skills marking rubrics. See Evaluation Criteria on our website for detailed information.

Day 1	
Activity	Time
Check-in	7:45am - 8:30am
Orientation to the Simulation Clinic	8:30am - 9:00am
Practical Skills Session	9:00am – 11:00am
Mandatory Break	11:00am – 12:00pm
Practical Skills Session	12:00pm - 2:15pm

Day 2	
Activity	Time
Check-in	7:45am - 8:30am
Practical Skills Examination	9:00am - 11:00am
Mandatory Break	11:00am - 12:00pm
Practical Skills Examination	12:00pm – 2:15pm

The results of Day 2 (Practical Skills Evaluation), along with the assessment of professionalism, from both days, will be considered in the admission process. **You must be on time and present for both days.**

Arriving at The Bench Test

When you arrive at the Dental Science Building ([Dental Circle entrance](#)), you will check-in for the Bench Test. Do not arrive early for your check-in time.

A Schulich Dentistry staff member will verify your photo identification. Once verified, you will be given your name card. This card must be worn at all times in the Bench Test.

Permitted Items in the Simulation Clinic

Items to Bring:

- Valid government-issued ID (must include your signature and photo)
- Lunch in a temperature-controlled bag (*a cafeteria is available*)
- Comfortable scrubs are recommended
- Fully enclosed footwear, such as running shoes, must be worn. Sandals, open-toed shoes, ballet-style shoes are **not** permitted
- Pre-approved medications and health-related items will be stored at your clinical station
- Face shield
- Loupes (including a secondary battery and/or charger)
- Personal headlamps may be utilized
- Additional equipment and supplies outlined below

Lab coats are not required.

Medications & Health-Related Items

If you need to bring medications or other health-related items, prior approval is required. Please contact cde@schulich.uwo.ca.

Secure storage will be provided for:

- Medications
- Breastfeeding supplies (a refrigerator with freezer space is available)
- Feminine hygiene products

Health-related items should be placed in a non-transparent bag and presented at check-in. A staff member may inspect the bag and provide storage instructions.

Important Notes:

- Pre-approved food, drinks, medications, health products, or other personal items must be presented to Schulich Dentistry staff for inspection before being brought into the Simulation Clinic.
- No additional items are allowed in the Simulation Clinic. Everything required for the exam is available in the clinic—please ask an invigilator or Schulich Dentistry staff member if you need assistance.
- Only registered candidates are allowed in the examination center. Family members are not permitted to stay in the reception area and may be asked to leave.

Available Facilities

Cafeteria

A cafeteria will be available for use during lunch breaks. If you are bringing food from home, store in a temperature-controlled bag, as refrigerators will not be available.

Private Room

A private room is available for mothers who are breastfeeding, as well as for prayer and meditation. If you require access to this space, please inform the Bench Test administration team in advance to ensure a reservation at a designated time.

Washrooms

An accessible washroom is available near the Simulation Clinic. All gender washrooms are available on the ground floor of the building.

You may use the washrooms or access the private room at any time during the Bench Test. However, no additional time will be granted for washroom breaks.

Simulation Clinic

Personal items are kept in the Simulation Clinic. There is little space available, only bring necessary items with you to the Bench Test.

Equipment, Instruments, Materials and Supplies

A list of supplied items is provided below. Whenever possible, the names of products are listed as written on our supplier's website. The names will not always be a comprehensive description of every item included in a kit. It is your responsibility to familiarize yourself with any given kit's content. **Please note that the Schulich School of Medicine and Dentistry reserves the right to remove, add, or substitute items when necessary.**

You will be provided with enough materials and supplies to complete the clinical evaluations. You will only be provided with additional materials and supplies if you have run out entirely. Please notify an invigilator or dental assistant by raising your hand if you require additional materials or supplies.

The clinic is equipped with dental simulators (A-dec) fitted with manikin heads and typodonts (Kilgore International, Inc.).

Tooth Numbering System

The FDI two-digit tooth numbering system is used in all sessions.

Frequently Asked Questions

Who is eligible to take the Bench Test?

To be eligible, applicants must meet the admission requirements for the DDS ASPIDG Program and submit a complete application with all required supporting documents by the deadline. Selected applicants will be invited to register for the Bench test.

When and where is the Bench Test held?

The test takes place at the Schulich School of Medicine & Dentistry at Western University in London, Ontario. It is held in early December each year.

What is the format of the Bench Test?

The test is divided into two days:

Day 1: Encompasses both task performance and immediate formative feedback, aiming to support learning, help candidates adapt to the school's simulation lab environment, understand evaluation criteria and standards, and refine their techniques.

Day 2: Designed to assess the candidate's psychomotor skills and infection prevention and control (IPAC) in a real-life simulation without feedback. Performance will be evaluated using technical skills marking rubrics.

What is the registration fee, and is it refundable?

The registration fee is \$4,500.00 CAD + HST. Fees are non-refundable.

Can I request accommodation for the Bench Test?

Yes. Candidates requiring academic accommodations or those with medical conditions or accessibility needs may request support. To ensure appropriate arrangements can be made, please contact Continuing Dental Education (CDE) at Schulich Dentistry as early as possible.

What procedures are tested?

Candidates will be assigned any four of the following:

- Preparations:
 - Class II amalgam preparation
 - Class II composite preparation
 - All-ceramic posterior crown preparation
- Restorations:
 - Class II amalgam restoration
 - Class II composite restoration
- Rubber dam isolation

Additionally, candidates must demonstrate adherence to infection prevention and control (IPAC) protocols and professionalism.

Will I receive feedback during Day 2 of the Bench Test?

No. While invigilators, examiners, and support staff will be present to assist with any general inquiries, they cannot provide guidance, answers, or feedback on examination content or any aspects that may influence your performance or final grade. However, Day 1 includes formative feedback to help candidates refine their techniques.

Are there any online modules for the Bench Test?

No. However, the Practical Guide for Participants and Bench Test Evaluation Criteria documents are provided.

What happens if I experience technical issues during the evaluation?

Candidates must immediately notify an invigilator if an issue arises with any supplied equipment.

Can I take breaks during the test?

Yes, candidates may take breaks to use the washroom or access pre-booked designated private rooms. Please note that no time extensions will be granted for these breaks. A mandatory 60-minute break is scheduled each day.

Is the Bench Test graded?

Yes. Performance is assessed using specific rubrics based on Canadian dental standards. Scores are confidential and will not be released.

If I pass the Bench Test, am I guaranteed admission?

No. The Bench Test is one component of the admissions process, which also includes an interview, English proficiency scores, ADAT results, and any additional information as outlined in the [application requirements](#).

When will I know if I'm selected for an interview?

Candidates selected for an interview will be notified via email in late January. The virtual interview takes place in February.

Is there an appeal process if I do not pass the Bench Test?

No. All results are final, and there is no appeal process.
