CONTINUING DENTAL EDUCATION
Schulich School of Medicine & Dentistry, Western University

ORIENTATION TO NDEB
Facilitated by Schulich Dentistry Faculty and Staff

Continuing Dental Education at the Schulich School of Medicine & Dentistry, Western University, is pleased to offer NDEB candidates an opportunity to become familiar with the environment of our Dental Clinic. This is the same clinic that NDEB Exam is conducted.

LEARNING OBJECTIVES
• Introduction to the main dental clinic operatory set-up;
• Instruction on the operation of the dental units;
• Verify the compatibility of your dental handpieces;
• Review the infection control procedures used at Schulich Dentistry;
• Become more confident and comfortable within the clinical setting environment prior to the NDEB exam.

A Schulich Dentistry technician will be on site to troubleshoot any equipment issues.

WHAT TO BRING
Participants will provide their own handpieces, instruments and supplies.
• Four-hole non-fibre optic or 5-hole fibre optic high speed handpieces are compatible with the units at Schulich Dentistry
• Please wear clinic attire, including closed-toe shoes.

Dentoforms: To fit the Darwin manikin heads, dentoforms must have a screw mount.
• If you have another typodonts/dentoform model, you may bring it to test the torque of your handpieces.

This is a clinic orientation session only. Time to practice skills may be limited.

Please note that the Schulich School of Medicine & Dentistry, Western University is not affiliated with the NDEB exam. We cannot provide advice regarding the exam. Please refer your questions to ndeb-bned.ca.
Furthermore, Western University is not endorsed, sponsored, or supported in any way by the National Dental Examining Board of Canada (NDEB). Courses/orientations offered by Western University are not offered by the NDEB, and the NDEB receives no payment or fees in relation to same.
