Department of Medicine Friday Rounds
LHSC – Victoria Hospital
Friday, January 11, 2019
Sumner Auditorium, Room B2-119, VH
(11:45 am lunch available)

12:00 p.m. Selected Topics in Internal Medicine – Staff Presentation
Speaker: Dr. George Dresser, General Internal Medicine
Topic: Oral Antithrombotics for Secondary Prevention in Coronary Artery Disease and in Polyvascular and Peripheral Artery Disease

Objectives:

1. Explain the pathophysiology of vascular disease, including CAD, PAD and cerebrovascular disease
2. Determine the risk of CV events and optimal treatment options for patients with chronic CAD
3. Identify the benefits/risks of current antithrombotic therapies based on recent clinical trials.

This event is an accredited Category 1 group learning activity as defined by the Maintenance of Certification (MOC) Program of the Royal College of Physicians and Surgeons of Canada.

Attendance and evaluation forms will be distributed to your UWO e-mail through One45 on Saturday.

Department of Medicine thanks Bayer for their generous support of this General Internal Medicine Rounds at LHSC-Victoria Hospital
