The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. Evaluations will be sent out and your attendance calculated automatically through One45.

Thursday, December 7, 2017
12:00 — 1:00pm
Auditorium B, University Hospital

The COMPASS Study: Vascular Protection with Rivaroxaban in Patients with Coronary or Peripheral Artery Disease

Dr. John Eikelboom is an Associate Professor in the Department of Medicine at McMaster University, and haematologist in the Thrombosis Service at Hamilton General Hospital in Hamilton, Ontario.

Learning Objectives:

1. Review vascular protection in stable CAD or PAD patients
2. Discuss results from the COMPASS Study
3. Evaluate implications for clinical practice of current antithrombotic therapies
