Thursday, March 1, 2018
12:00 — 1:00pm  (lunch at 11:30am)
Auditorium B, University Hospital

Advances in Anticoagulation for Atrial Fibrillation

Objectives:

1. To review current guidelines for anticoagulation in atrial fibrillation
2. To provide a framework for choosing amongst the available anticoagulants
3. To highlight some of the remaining gaps in care

Dr. Weitz is Professor of Medicine and Biochemistry and Biomedical Sciences at McMaster University and Executive Director of the Thrombosis and Atherosclerosis Research Institute.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. Evaluations will be sent out and your attendance calculated automatically through One45.
