Thursday, March 7, 2019
12:00 — 1:00pm (lunch at 11:30am)
Auditorium B, University Hospital

Pacemaker Update

Objectives:

- To appreciate the limitations of current cardiac implantable electrical device (CIED) technology
- To understand features of newer leadless pacemaker technology and how it differs from current pacemaker technology
- To understand indications for the use of, and limitations of, leadless pacemakers
- To appreciate the evolving direction of CIED technology

Dr. Raymond Yee is the Chair of the Division of Cardiology at the Schulich School of Medicine and Dentistry and City-Wide Chief of Cardiology at LHSC. He is currently the Ramsay Gunton Professor of Medicine at Western University.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. Evaluations will be sent out and your attendance calculated automatically through One45.
