Medical Grand Rounds

Thursday, December 5, 2019
12:00 — 1:00pm
Auditorium B, University Hospital

Precision Medicine at LHSC: Interesting Cases, Lessons Learned, and Next Steps

Objectives

1. Discuss clinically meaningful pharmacogenomics tests

2. Demonstrate impact of Precision Medicine-based approaches to patient care using cases from our PM clinic

3. Outline a technology our team has created capable of integrating drug-drug interactions as well as pharmacogenomics

Richard B. Kim MD, FRCPC, FACP
Wolfe Medical Research Chair in Pharmacogenomics, Professor & Chair with the Division of Clinical Pharmacology in the Department of Medicine at Western University.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. Evaluations will be sent out and your attendance calculated automatically through One45.
