Andrew Mes

Andrew Mes is the Digital Health Executive and Corporate Information Officer (CIO) at London Health Sciences Centre. Andrew has been with LHSC for 15 years, having worked in Information Technology Services for half that time. Previous roles have included Director of Clinical Applications and Informatics, Director for Clinical Neurological Sciences & Director for CSTAR.

Advancing our digital Systems, locally and regionally

Objectives:

By the end of this Grand Rounds Presentation, participants should/will be able to:

1. Increase awareness and understanding of our current digital systems and how they complement provincial assets and direction
2. Provide information related to our Cerner relationship and infrastructure
3. Discuss our digital roadmap for the next 3 years and what it means specifically for physicians
4. Discuss upcoming work related to digital strategy and governance

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.

Evaluations will be sent out and your attendance calculated automatically through One45.
